# CORPORATE PROFILE

TalkMed Group Limited (“**TalkMed**”) was incorporated on 10 September 2013 in Singapore and listed on the Catalist board of Singapore Exchange Securities Trading Limited on 30 January 2014. TalkMed and its group of companies (collectively, the “**Group**”) is primarily a premier provider of medical oncology, stem cell transplants and palliative care services, serving patients in Singapore and the region. Over the past few years, the Group has also expanded its footprint to other parts of Asia. The Group structure as of March 2021 is as follows:

<sup>(1)</sup> The Group exercises control over and derives economic benefits from the remaining 30% interest in the entity through contractual arrangements.

## ABOUT SINGAPORE CANCER CENTRE PTE. LTD. (“SCC”)

SCC commenced operations in November 2006 and provides multidisciplinary medical oncology services, stem cell transplant and palliative care services. SCC’s clinical functions include attending to patients, examining and administering medical treatment to patients and performing minor outpatient surgical procedures, prescribing medicines and investigations such as laboratory tests and diagnostic procedures. These clinical functions also include the review of investigation results and follow-up care with patients.

As of March 2021, the Group has fourteen doctors operating at nine clinics in Gleneagles Hospital Singapore, Mount Elizabeth Hospital Singapore, Mount Elizabeth Medical Centre and Mount Elizabeth Novena Specialist Centre Singapore, which are operated by Parkway Hospitals Singapore Pte. Ltd.. SCC has established itself as one of the market leaders in medical tourism in Singapore with foreign patients accounting for approximately half of its patient-load in the past few years. Many of our patients are from regional countries such as Indonesia, Malaysia and Vietnam.

## ABOUT TALKMED VIETNAM PTE. LTD. (“TalkMed Vietnam”)

TalkMed Vietnam was set up in March 2014 and pursuant to its incorporation, it partnered with Thu Cuc International General Hospital to set up a medical centre known as Singapore Cancer Centre Thu Cuc that provides specialist medical oncology services in Hanoi, Vietnam.

# CORPORATE PROFILE

## ABOUT TALKMED GREATER CHINA PTE. LTD. (“TMGC”)

TMGC was incorporated in November 2019 pursuant to a restructuring exercise to consolidate and streamline the Group’s projects in the People’s Republic of China (“**PRC**”). It is used by the Group as a vehicle to hold its current projects in Beijing and Chongqing through TalkMed China Pte. Ltd. (“**TMC**”) and TalkMed Chongqing Pte. Ltd. (“**TMCQ**”) respectively as well as to explore future healthcare-related projects collaborations in the PRC.

### Beijing

The Group has a 100% deemed interest in Beijing Yachuang Siwei Investment Management Co., Ltd. (“**Yachuang**”), after TMC, a wholly-owned subsidiary of the Group acquired 70% of the total issued and paid-up share capital of Yachuang in January 2020. The remaining 30% stake is held through an entity controlled by the Group through contractual agreement.

Yachuang is principally engaged in the business of investment management, hospital management, and healthcare management and consultancy (excluding diagnosis and treatment). Yachuang’s wholly-owned subsidiary, Beijing Deyi Shanshui Clinic Co., Ltd., will operate a private medical centre in Beijing, offering premier and quality oncology services as well as ancillary services to support oncology patients in the PRC.

TalkMed Hospital Management (Beijing) Co., Ltd. (“**TMHM**”) is 100% owned by TMC, and its principal activity is to provide hospital management and advisory services in the PRC.

### Chongqing

TMCQ, a wholly-owned subsidiary of the Group, was incorporated with the aim to provide healthcare management services in Chongqing, PRC. TMCQ has jointly established a sino-foreign joint venture enterprise, Sino-Singapore Hospital Management (Chongqing) Co., Ltd. (“**SSHM**”) in Chongqing, PRC, with Chongqing Yongchuan District People’s Hospital (“**YCDPH**”). TMCQ and YCDPH hold 60% and 40% of the equity interests in SSHM respectively. Through SSHM, the Group will operate a category 2A oncology hospital in the Yongchuan District, Western Chongqing.

## ABOUT STEM MED PTE. LTD. (“Stem Med”)

Set up in January 2015, Stem Med is the first private stem cell banking facility in Singapore that specialises in the processing, cryopreservation and storage of adult stem cells. Stem Med’s cellular laboratory is licensed by the Singapore Ministry of Health under the Private Hospitals And Medical Clinics Act (Chapter 248) and compliant with EC GMP Guidelines, ISO 14644-1:2015 (E) and the relevant sections of the Institute Of Environmental Science and Technology Recommended Practice, IEST-RP-CC006.3 and the National Environmental Balancing Bureau (NEBB) Procedural Standards for Certified Testing of Cleanrooms (3rd Edition). Its cellular laboratory is also certified ISO Class 5, Class 6 and Class 8 Cleanroom with high-efficiency particulate air (HEPA).

# CORPORATE PROFILE

The subsidiaries under Stem Med are:

- Stem Med Indonesia Pte. Ltd. (“**SMI**”) which is used as a vehicle to explore business opportunities in Indonesia in the areas of operation of cellular laboratories, storage facilities and cellular therapeutics clinics; and
- DrSG Cellular Wellness Pte. Ltd. (“**DrSG**”) which was set up to provide customised solutions using protein-rich derivatives for skincare and hair rejuvenation. In November 2020, the shareholders of DrSG mutually agreed to end the collaboration and this had no material impact on the consolidated net tangible assets per share and earnings per share of the Group for FY2020.

Stem Med holds 90% and 60% equity interests in SMI and DrSG respectively.

## **ABOUT CELLVEC PTE. LTD. (“CellVec”)**

CellVec was incorporated on 8 August 2018 and is primarily engaged in the provision of cellular and gene therapy related products and services, with a focus on the development of novel platform viral vector technologies that strive to advance genetic modification of cellular therapy. The Group holds a 60% stake in CellVec.

## **ABOUT HONG KONG INTEGRATED ONCOLOGY CENTRE HOLDINGS LIMITED (“HKH”)**

HKH is the controlling shareholder of Hong Kong Integrated Oncology Centre Limited (“**HKIOC**”), which provides a comprehensive range of services with the concept of “Total Cancer Care” and “Tumor Board Approach” through its day care medical centres. The services include cancer prevention, screening, imaging and diagnosis, multidisciplinary cancer treatment (including in-patient treatment and radiotherapy through its strategic partnership with Hong Kong Adventist Hospital) and after-treatment care in Hong Kong. The Group owns an effective interest of 20.7% in HKIOC.

HKIOC currently operates out of three clinics that are located on Hong Kong island and in Kowloon with ten clinical oncologists and three radiologists.

# MESSAGE TO SHAREHOLDERS

Dear Shareholders,

On behalf of the Board of Directors (the “**Board**”) of TalkMed Group Limited (“**TalkMed**” or the “**Company**”) and its group of companies (collectively, the “**Group**”), I am pleased to present our annual report for the financial year ended 31 December 2020 (“**FY2020**”).

The onset of the COVID-19 pandemic has led to global lockdowns and widespread travel restrictions, sharply reducing the number of short-term tourist visits. With foreign patients and medical tourism accounting for the bulk of the Group’s patient-load in Singapore and Hong Kong, the Group’s financial performance was negatively impacted in FY2020. However, the Group remained resilient and despite the pandemic, has delivered a net profit of S\$18.52 million in FY2020. The Group’s balance sheet remains strong, and in light of this, the Company plans to distribute 78.2% of its earnings (please see “Financial Review” below for details) as dividends to our shareholders for FY2020.

## Financial Review

For FY2020, the Group recorded total revenue of S\$62.14 million in FY2020, a decline of 18.2% year-on-year (“**yoy**”) compared to S\$75.92 million recorded in the financial year ended 31 December 2019 (“**FY2019**”). The decrease in revenue was mainly due to the lower number of patient visits at our medical centres.

The Group’s oncology services in Singapore contributed 97.4% of the Group’s total revenue in FY2020, and it continues to be the most established business segment of the Group. The Group’s strong foothold and reputation in oncology services are backed by a strong team of 14 highly-qualified and experienced specialists.

The cellular and gene therapy, as well as the stem cell industries were adversely impacted by the pandemic as demand from non-COVID-19 research continued to wane. Cellular and gene therapy services, provided by CellVec Pte. Ltd. (“**CellVec**”), recorded revenue of S\$0.12 million, which declined some S\$0.36 million or 74.3% compared to FY2019. Stem cell processing and storage services, provided by Stem Med Pte. Ltd., amounted to S\$0.91 million in FY2020, which represented a decline of 58.3% yoy. As a result of the adverse impact on the cellular and gene therapy industry, the Group recorded an impairment loss of S\$3.41 million on plant and equipment of CellVec in FY2020.

In Hong Kong, while travel restrictions that were imposed by the local government had resulted in lower patient numbers which had adversely affected the business operations of our Hong Kong medical centres, the Group’s share of loss after tax from the Group’s associate, Hong Kong Integrated Oncology Centre Holdings Limited (“**HKIOC**”), narrowed marginally from S\$1.05 million in FY2019 to S\$1.04 million in FY2020. We are encouraged by this, as we begin to observe operating leverage for our Hong Kong operations, and are confident that it will turn to profit in the medium to long term. We continue to maintain our presence in Vietnam, through our wholly-owned subsidiary, TalkMed Vietnam Pte. Ltd., which recorded revenue of S\$0.18 million in FY2020, compared to S\$0.17 million a year ago. The Group will continue to leverage on its expertise to increase its brand recognition in Vietnam and seek continuous business expansion in Vietnam.

In line with the decline of revenue in FY2020, the Group’s net profit for FY2020 declined 43.6% yoy to S\$18.52 million. Diluted earnings per share declined from 2.72 Singapore cents in FY2019 to 1.72 Singapore cents in FY2020. However, the Group has managed to remain resilient amid unprecedented times and continues to be in a strong financial position, with net cash of S\$79.4 million as at the end of FY2020. In light of this, the Board has proposed a final cash dividend of 0.75 Singapore cents per share, on top of the interim cash dividend of 0.60 Singapore cents per share, which collectively, represent a 78.2% payout based on the profit attributable to owners of the Company for FY2020.

# MESSAGE TO SHAREHOLDERS

## Breakthrough and Expansion Amid the Pandemic

It is part of the Group's long-term strategy to expand our business operations in The People's Republic of China ("PRC"), driven by a burgeoning middle-class and an increased demand for higher-quality healthcare. Despite multiple headwinds that were experienced in 2020, as part of the Group's growth plans in the PRC, we have invested in Chongqing and Beijing with the aim to offer the Group's medical oncology services to patients in the PRC.

While these developments are not expected to contribute meaningfully to the bottom-line in the short run, they will place us in an advantageous position to capture emerging market opportunities once the operating climate normalises.

## Outlook

As frontline healthcare workers, our employees could be exposed to heightened risks during the COVID-19 pandemic and the Group has taken steps, including, among others, to vaccinate our staff to ensure their safety as well as that of their families and our patients.

In light of the sporadic resurgence of COVID-19 infections globally, travel restrictions in place will continue to adversely affect the number of overseas visitors seeking treatment at our medical centres. This has a direct impact on our business operations in Singapore and Hong Kong, where patient load is most dependent on medical tourism.

However, with the roll-out of COVID-19 vaccines worldwide, we cautiously expect a gradual recovery of medical tourism once the pandemic situation stabilises and travel restrictions are loosened. For FY2020, the Group was focused on mitigating the negative impact resulting from COVID-19 on its business operations and has managed to remain resilient in face of this unprecedented situation.

The Group is committed to continuously deliver the highest-quality oncology and healthcare services to our patients in Singapore and the region. We will continue to pursue growth in the PRC, and will continue to monitor the pandemic situation closely so we can respond appropriately and decisively. Leveraging on our strong financial position, expertise, and experience in medical oncology, we believe that TalkMed is well-placed for further expansion in the region.

## Appreciation

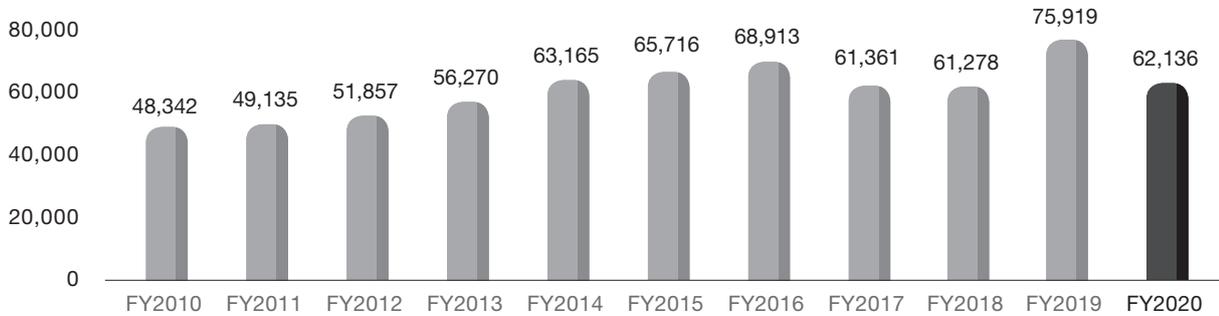

On behalf of the Board, I would also like to take this opportunity to express my sincere appreciation and gratitude to our management team, staff, and business associates for their continuous hard work throughout the year. I will also like to thank all our doctors for their dedication to our patients which, coupled with their decades of experience, has brought the Group to great heights.

In closing, I will also like to thank our shareholders for their unwavering support and trust in the Group. As we embrace the new normal in the post-pandemic world, we will continue to seek sustainable growth and create value for all our stakeholders.

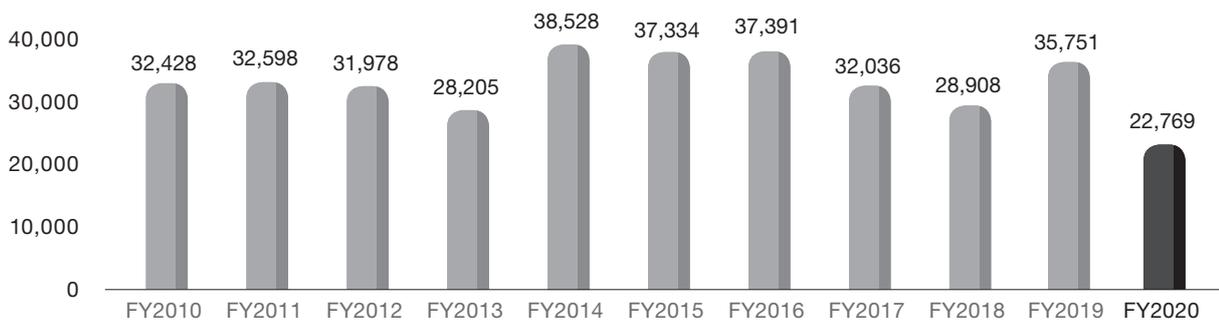

Mr S. Chandra Das  
Chairman

# CORPORATE GOVERNANCE REPORT

The Board of Directors (the "**Board**") of TalkMed Group Limited (the "**Company**") is committed to maintaining high standards of corporate governance, business integrity and professionalism within the Company and its subsidiaries (collectively, the "**Group**") to safeguard the interests of all its stakeholders and to promote investors' confidence and support.

This report describes the Group's ongoing efforts in the financial year ended 31 December 2020 ("**FY2020**") in keeping pace with the evolving corporate governance practices and complying with the Code of Corporate Governance 2018 (the "**Code**") and the accompanying Practice Guidance to the Code. The Board confirms that the Company has complied with the principles and provisions as set out in the Code where appropriate. Where there are deviations from the Code, appropriate explanations are provided.

## A. BOARD MATTERS

### Principle 1 – The Board's Conduct of its Affairs

The primary function of the Board is to provide effective leadership and direction to enhance the long-term value of the Group to its shareholders and other stakeholders. The Board oversees the business affairs of the Group, puts in place a code of conduct and ethics, sets appropriate tone-from-the-top and desired organisational culture, and ensures proper accountability within the Company. The Board has the overall responsibility for reviewing the strategic plans and performance objectives, financial plans and annual budget, key operational initiatives, major funding and investment proposal, financial performance reviews, and corporate governance practices. The management ("**Management**") also plays a pivotal role in providing Board members with complete, adequate and timely information to assist the Board in the fulfilment of its responsibilities.

The Board recognises that its principal duties include:

- providing entrepreneurial leadership, setting the Group's strategic objectives, and ensuring that adequate financial and human resources are in place for the Group to meet its objectives;
- overseeing the process for evaluating the adequacy and integrity of the Group's internal controls, risk management, financial reporting systems and compliance;
- reviewing and monitoring the performance of Management towards achieving organisational goals and overseeing succession planning for Management;
- setting corporate values and standards for the Group (including ethical standards) to ensure that the obligations to shareholders and other stakeholders are understood and met;
- ensuring accurate and timely reporting in communication with shareholders; and
- considering sustainability issues including environmental and social factors in the Group's strategic formulation.

The Group has adopted and documented internal guidelines setting forth matters that require the Board's approval. The types of material transactions that require the Board's approval under such guidelines are listed below:

- strategies and objectives of the Group;
- annual budgets and business plan;
- announcements of quarterly (where applicable), half year and full year financial results and release of annual reports;
- issuance of shares;
- declaration of interim dividends and proposal of final dividends;
- convening of shareholders' meetings;
- investment, divestment or capital expenditure;

# CORPORATE GOVERNANCE REPORT

- commitments to term loans and lines of credit from banks and financial institutions; and
- interested person transactions.

The Management is responsible for day-to-day operations and administration of the Group and is accountable to the Board. Clear directions have been given to the Management that such reserved matters must be approved by the Board.

The Board has delegated specific responsibilities to various Board committees, namely the Audit and Risk Committee (“**ARC**”), Nominating Committee (“**NC**”) and Remuneration Committee (“**RC**”) (each a “**Board Committee**” and collectively, the “**Board Committees**”) to assist the Board in carrying out and discharging its duties and responsibilities efficiently and effectively. These Board Committees are made up of mainly Non-Executive Directors and Independent Directors, each chaired by an Independent Director. Each Board Committee has its own specific written terms of reference which clearly set out its objectives, scope of duties and responsibilities (including reporting back to the Board), rules and regulations, and procedures governing the manner in which it is to operate and how decisions are to be taken.

All the meeting dates of the Board and Board Committees as well as annual general meeting (“**AGM**”) have been scheduled one (1) year in advance, as far as reasonably practicable. To assist Directors in planning their attendance, the Company Secretary consults every Director before fixing the dates of these meetings. The Board meets regularly with at least four (4) scheduled meetings held on a quarterly basis within each financial year to, amongst others, approve announcements of the Group’s half year, quarterly (where applicable) and full year financial results, and discuss updates or developments relating to the Group’s business and/or strategic plans. Ad hoc meetings are also convened to discuss and deliberate on urgent substantive matters or issues when circumstances require. Telephonic attendance and conference via audio-visual communication at the Board and Board Committee meetings are allowed under the Company’s Constitution in the event that Directors are unable to attend meetings in person. Management also has access to the Directors for guidance or exchange of views outside of the formal environment of Board meetings.

The number of meetings of the Board and Board Committees held during FY2020 and the attendance of each Director at those meetings are set out as follows:

| Name of Directors       | Board               |          | ARC                 |          | NC                  |          | RC                  |          |
|-------------------------|---------------------|----------|---------------------|----------|---------------------|----------|---------------------|----------|
|                         | No. of meeting Held | Attended |

# CORPORATE GOVERNANCE REPORT

The Board ensures that, where applicable, incoming new Directors are given comprehensive and tailored induction on joining the Board including onsite visits, if necessary, to get familiarised with the business of the Group and corporate governance practices upon their appointment and to facilitate the effectiveness in discharging their duties. Newly-appointed Directors will be provided a formal letter setting out their duties and obligations. The Group conducts a comprehensive orientation programme, which is presented by the Chief Executive Officer (“**CEO**”) and/or other members of Management, to familiarise new Directors with business and corporate governance policies. The orientation programme gives Directors an understanding of the Group’s businesses to enable them to assimilate into their new roles. The programme also allows the new Directors to get acquainted with Management, thereby facilitating Board interaction and independent access to Management. All Directors are encouraged to constantly keep abreast of developments in regulatory, legal and accounting frameworks that are of relevance to the Group through the extension of opportunities to participate in the relevant training courses, seminars and workshops as relevant and/or applicable at the Company’s expense. The Board is regularly briefed on recent changes to the accounting standards and regulatory updates. The CEO updates the Board at each meeting on business and strategic developments of the Group, where applicable.

The Directors have separate and independent access to the Management and the Company Secretary at all times. The Company Secretary attends all of the Board meetings and is responsible to the Board for advising on corporate and administrative matters, as well as facilitating orientation and assisting with professional development as required. The appointment and removal of the Company Secretary is subject to the approval of the Board as a whole.

The Directors, either individually or as a group, in the furtherance of their duties, can take independent professional advice, if necessary, at the Company’s expense.

## Principle 2 – Board Composition and Guidance

The Board currently comprises seven (7) Directors, five (5) of whom are Non-Executive Directors with three (3) of them being independent. The profiles of the Directors are set out on pages 8 to 12 of this annual report. The current members of the Board and their membership on the Board Committees of the Company are as follows:

| Name of Directors       | Board Membership  | ARC      | NC       | RC       |
|-------------------------|---|----------|----------|----------|
| Mr S. Chandra Das       | Independent Non-Executive Chairman                            | –        | Chairman | Chairman |
| Dr Ang Peng Tiam        | Executive Director & CEO                                      | –        | Member   | –        |
| Dr Khoo Kei Siong       | Executive Director & Chief Operating Officer (“ <b>COO</b> ”) | –        | –        | –        |

| Mr Lim Jen Howe         | Non-Independent Non-Executive Director                        | Member   | –        | –        |
| Mr Lim Teong Jin George | Non-Independent Non-Executive Director                        | –        | –        | Member   |

# CORPORATE GOVERNANCE REPORT

The size and composition of the Board and the Board Committees as well as the skill and core competencies of its members are reviewed annually by the NC, taking into account the scope and nature of operations of the Company, to ensure that there is an appropriate balance of skills and experience. These competencies include banking, accounting and finance, legal, business acumen, management experience, industry knowledge, familiarity with regulatory requirements and knowledge of risk management. The NC is of the view that the present composition and Board size of seven (7) is appropriate for the Group's present scope of operations to facilitate decision-making and the Board possesses the necessary balance and diversity of competencies, experience and knowledge to lead and govern the Group effectively, foster constructive debate, and avoid groupthink. Further, no individual or small group of individuals dominates the Board's decision-making process.

The Board recognises that board diversity is an essential element contributing to a well-functioning and effective Board, as well as the sustainable development of the Group. As such, the objectives of its board diversity policy are to promote and enhance the decision-making process of the Board through the perspectives derived from the professional expertise, business experience, industry discipline, skills, knowledge, gender, age, educational background, ethnicity and culture, length of service, and other diverse qualities of the Board members. When reviewing and assessing the composition of the Board and making recommendations to the Board for the appointment of its members, the NC will consider the various aspects of board diversity, and set practical timelines to implement the policy. It will also report to the Board on an annual basis on the progress made in promoting and achieving its board diversity objectives.

The NC is tasked to determine on an annual basis and as and when the circumstances require, whether or not a Director is independent, bearing in mind the Principles and Provisions set forth in the Code, and any other salient factor which would render a Director to be deemed not independent. For the purpose of determining the Directors' independence, every Director has provided declaration of their independence that is deliberated upon by the NC and the Board. Each of the Independent Directors has confirmed that he does not have any relationship (including those provided in Provision 2.1 of the Code) with the Company and its related corporations, its substantial shareholders or its officers that could interfere, or be reasonably perceived to interfere, with the exercise of the Director's independent business judgement in the best interest of the Group. The NC has reviewed, determined and confirmed the independence of the Independent Directors (with each Independent Non-Executive Director abstaining from the discussion and decision-making process with respect to the assessment of his independence). Each of the Independent Directors has also confirmed his independence. None of the Independent Directors has served on the Board beyond an aggregate of more than 9 years (whether before or after listing) as of the date of this report.

With effect from 1 January 2022, a Director will not be independent if he has served for an aggregate of more than nine (9) years and his continued appointment as an Independent Director has not been sought and approved in separate resolutions by (a) all shareholders and (b) shareholders, excluding the Directors and CEO of the issuer, and associates of such Directors and CEO ("**Two-Tier Voting**"). Such resolutions approved by a Two-Tier Voting may remain in force for three years from the conclusion of the AGM following the passing of the resolutions or the retirement or resignation of the Director, whichever is the earlier.

# CORPORATE GOVERNANCE REPORT

Given that each of the Independent Directors' tenure will reach nine (9) years in 2022, the Board has decided to adopt the Two-Tier Voting process ahead of Catalist Rule 406(3)(d)(iii) coming into effect on 1 January 2022, and thus has recommended that the approval of the shareholders be sought through a Two-Tier Voting process at the forthcoming AGM for Mr S. Chandra Das, Mr Sitoh Yih Pin and Mr Dan Yock Hian to continue in office as Independent Non-Executive Directors of the Company.

As five (5) out of seven (7) Directors are Non-Executive Directors, the requirement of the Code that Non-Executive Directors should make up a majority of the Board is satisfied. There are three (3) Independent Directors, which makes up at least one-third of the Board and provides a strong and an independent element on the Board. This is fundamental to good corporate governance as it ensures that key issues and strategies are critically reviewed, constructively challenged, fully discussed and thoroughly examined.

The Board and Management fully appreciate that an effective and robust Board, whose members engage in open and constructive debate, and challenge Management on its assumptions and proposals, is fundamental to good corporate governance. The Independent Directors and Non-Executive Directors meet regularly, when required, without the presence of Management. The Chairman provides feedback to the Board after such meetings as appropriate.

The Board should also aid in the development of strategic proposals and oversee effective implementation by the Management to achieve set objectives.

For this to happen, the Board and the Non-Executive Directors, in particular, must be kept well-informed of the Group's businesses and be knowledgeable about the industry in which the Group operates.

To ensure that the Non-Executive Directors are well-supported by accurate, complete and timely information, the Non-Executive Directors have unrestricted access to Management as and when the need arises.

## **Principle 3 – Chairman and CEO**

The Chairman and the CEO functions in the Company are assumed by different individuals. The Chairman, Mr S. Chandra Das, is an Independent Non-Executive Director, while the CEO, Dr Ang Peng Tiam, is an Executive Director.

There is a clear division of responsibilities between the Chairman and the CEO, which ensures a balance of power and authority at the top of the Company.

The Chairman:

- is responsible for leadership of the Board and is pivotal in creating the conditions for overall effectiveness of the Board, Board Committees and individual Directors;
- takes a leading role in the Company's drive to achieve and maintain high standards of corporate governance with the full support of the Directors, Company Secretary and Management;
- approves agendas for the Board meetings and ensures sufficient allocation of time for thorough discussion of agenda items;
- promotes an open environment for debates and ensures Non-Executive Directors are able to speak freely and contribute effectively;
- exercises control over the quality, quantity and timeliness of information flow between the Board and Management;
- provides close oversight, guidance, advice and leadership to the CEO and Management; and
- plays a pivotal role in fostering constructive dialogue between shareholders, the Board and Management at AGMs and other shareholders' meetings.

# CORPORATE GOVERNANCE REPORT

Whereas the CEO, as the highest ranking executive officer of the Group, is responsible for:

- running the day-to-day business of the Group, within the authorities delegated to him by the Board;
- ensuring the implementation of policies and strategies across the Group as set by the Board;
- day-to-day management of the Management team;
- ensuring that the Chairman is kept apprised in a timely manner of issues faced by the Group and of any important events and developments; and
- leading the development of the Group's future strategies including identifying and assessing risks and opportunities for the growth of its business and reviewing the performance of its existing businesses.

The Board does not have a lead independent director given that the Chairman is independent and the majority of the Board are non-executive directors.

## Principle 4 – Board Membership

The NC consists of two (2) Independent Non-Executive Directors and one (1) Executive Director. Accordingly, the majority of the members of the NC, including the NC Chairman, are independent:

|                   |                                      |   |          |
|-------------------|--------------------------------------|---|----------|
| Mr S. Chandra Das | (Independent Non-Executive Chairman) | – | Chairman |
| Mr Dan Yock Hian  | (Independent Non-Executive Director) | – | Member   |
| Dr Ang Peng Tiam  | (Executive Director)                 | – | Member   |

The NC will meet at least once a year and one (1) NC Meeting was held in FY2020. The NC, which has written terms of reference, is responsible for making recommendations to the Board on all Board appointments and re-appointments (including alternate Directors, if applicable). The key terms of reference of the NC include the following:

- determining the process for search, nomination, selection and appointment of new Board members and assessing nominees or candidates for appointment and re-election to the Board;
- making recommendations to the Board on the nomination of retiring Directors and those appointed during the year standing for re-election at the Company's AGM, having regard to the Director's contribution and performance and ensuring that all Directors submit themselves for re-election at regular intervals;
- reviewing the Board structure, size and composition regularly and making recommendation to the Board, where appropriate;
- reviewing the Board succession plan for Directors (in particular, the Chairman), CEO, COO and Chief Financial Officer ("**CFO**");
- determining the independence of Directors annually (taking into account the circumstances set out in the Code and other salient factors);
- developing a process for assessing and evaluating the effectiveness of the Board as a whole and the Board Committees and the contribution of each individual Director to an effective Board;
- deciding on how the Board's performance may be evaluated and to propose objective performance criteria for the Board's approval;
- reviewing training and professional development programmes for the Board; and
- determining whether or not a Director is able to and has been adequately carrying out his duties as a Director of the Company, particularly when he has multiple board representations.

The Board, through the NC, reviews annually the effectiveness of the Board as a whole and its required mix of skills and experience and other qualities, including core competencies, which Directors should bring to the Board.

# CORPORATE GOVERNANCE REPORT

The NC has in place a formal process for the selection and appointments of new Directors and re-appointment of Directors to increase transparency of the nominating process in identifying and evaluating nominees or candidates for appointment or re-appointment, as well as to advance the Company's objective of promoting board diversity. In identifying potential new Directors, the NC will use various channels in searching for appropriate candidates such as through Directors' and management's personal networks, Singapore Institute of Directors and professional consultants. The NC will consider the various aspects of board diversity, including gender diversity, before making a recommendation to the Board. The NC will evaluate the suitability of the nominee or candidate based on his qualifications, business and related experience, commitment, gender, age, ability to contribute to the Board's process and such other qualities and attributes that may be required by the Board. In recommending a candidate for re-appointment to the Board, the NC considers, amongst other things, his contributions to the Board (including attendance and participation at meetings, time and effort accorded to the Company's or Group's businesses and affairs) and his independence (where applicable). The Board is to ensure that the selected candidate is aware of the expectations and the level of commitment required. The Board, on the recommendation of the NC, appoints new Directors. All new Directors who are appointed by the Board are subject to re-election at the next AGM but shall not be taken into account in determining the number of Directors who are retiring by rotation at such meeting.

Pursuant to the Company's Constitution, one-third of the Directors shall retire from office and be re-elected at least once every three (3) years at each AGM. Mr Lim Teong Jin George, Mr Dan Yock Hian and Mr Lim Jen Howe (the "**Retiring Directors**") will be retiring and seeking re-election at the forthcoming AGM in accordance with Article 91 of the Company's Constitution.

In making the recommendations, the NC considers the overall contribution and performance of the Retiring Directors. Mr Dan Yock Hian, being a member of the NC, had abstained from the deliberation process in respect of his own nomination and assessment.

Based on the recommendation of the NC, the Board (save for the respective Retiring Directors who abstained from the deliberation process in respect of their own re-election) proposes to the Company's shareholders to approve the re-election of each Retiring Director as Director of the Company.

Mr Dan Yock Hian confirms that there is no relationship whether familial, business, financial, employment or otherwise with the Company, its related corporations, substantial shareholders, or any officers, which could interfere or be perceived to interfere with his independent judgement. Each of the Retiring Directors also confirms that there is no conflict of interest (including any competing business) with the Company, and has submitted his undertaking to the Company (in the format set out in Appendix 7H) under Rule 720 (1) of the Catalist Rules of the SGX-ST.

The NC has adopted internal guidelines addressing competing time commitments that are faced when Directors serve on multiple boards and have other principal commitments.

Despite some of the Directors having other board representations and other principal commitments, the NC is satisfied that these Directors are able to and have adequately carried out their duties as Directors of the Company. In making this determination, the NC had considered the respective director's actual conduct and effectiveness on the Board, and the time and attention given by each of them to the affairs of the Company. As a guide, the Board has determined that the Directors should not hold more than five (5) listed company board representations. There is no alternate Director on the Board.

# CORPORATE GOVERNANCE REPORT

Key information of each member of the Board including his directorships and chairmanships both present and those held over the preceding three (3) years in other listed companies, other principal commitments, academic/professional qualifications, membership/chairmanship in Board Committees, date of first appointment and last re-election, are set out under the "Board of Directors" section of this annual report.

For Retiring Directors and Directors seeking continued appointment, information of their past directorships (in both listed and non-listed entities) for the last five (5) years is also disclosed in their respective profiles under the sections headed "Board of Directors" and "Additional Information on Directors Seeking Re-Appointment or Continued Appointment" of this annual report.

Other information relating to the Retiring Directors and Directors seeking continued appointment as required by Rule 720 (5) of the Catalist Rules of the SGX-ST are disclosed under the sections headed "Board of Directors", "Directors' Statement", "Notice of Eighth Annual General Meeting" and "Additional Information on Directors Seeking Re-Appointment or Continued Appointment" in this annual report.

## **Principle 5 – Board Performance**

The Board has implemented a process carried out by the NC for assessing the effectiveness of the Board as a whole, effectiveness of its Board Committees and the contribution by each individual Director to the effectiveness of the Board on an annual basis.

### Board performance criteria

The performance criteria for the board evaluation are as follows:

- board size and composition;
- board independence;
- board processes;
- board information and accountability;
- board performance in relation to discharging its principal functions; and
- board committees' performance in relation to discharging their responsibilities set out in their respective terms of reference.

### Individual Director's performance criteria

The individual Director's performance criteria are categorised into five (5) segments; namely, the following:

- interactive skills (whether the Director works well with other Directors and participates actively);
- knowledge (the Director's industry and business knowledge, functional expertise, whether the Director provides valuable inputs, the Director's ability to analyse, communicate and contribute to the productivity of meetings, and understanding of finance and accounts, are taken into consideration);
- Director's duties (the Director's Board Committee work contribution, whether the Director takes his role as Director seriously and works to further improve his own performance, whether he listens and discusses objectively and exercises independent judgement, and the Director's meeting preparation, are taken into account);
- availability (the Director's attendance at Board and Board Committee meetings, whether the Director is available when needed, and his informal contribution via email, telephone, written notes, etc. are considered); and
- overall contribution, bearing in mind that each Director was appointed for his strength in certain areas which taken together provides the Board with the required mix of skills and competencies.

# CORPORATE GOVERNANCE REPORT

The assessment of the Chairman of the Board is based on his ability to lead, whether he has:

- established proper procedures to ensure the effective functioning of the Board;
- ensured that the time devoted to Board meetings was adequate (in terms of number of meetings held in a year and duration of each meeting) for effective discussion and decision-making by the Board;
- ensured that information provided to the Board was adequate and timely for the Board to make informed and considered decisions;
- guided discussions effectively so that there was timely resolution of issues;
- ensured that meetings were conducted in a manner that facilitated open communication and meaningful participation; and
- ensured that Board Committees were formed where appropriate, with clear terms of reference, to assist the Board in the discharge of its duties and responsibilities.

The performance of individual Directors is taken into account in their re-appointment. Specific needs which arise from time to time are taken into account in any appointment of new Directors.

The NC, having reviewed the overall performance of the Board and the respective committees in terms of its roles and responsibilities and the conduct of its affairs as a whole, as well as each individual Director's performance, is of the view that the performance of the Board, the respective committees and each individual Director has been satisfactory.

## B. REMUNERATION MATTERS

### Principle 6 – Procedures for Developing Remuneration Policies

### Principle 7 – Level and Mix of Remuneration

Matters relating to the remuneration of the Board, key Management personnel and other employees who are related to the controlling shareholders and/or Directors (if any) are handled by the RC, whose primary function is to develop formal and transparent policies on remuneration matters in the Company. The RC also ensures that the Company's remuneration system is appropriate to attract, retain and motivate the required talents to run the Company successfully.

Matters relating to remuneration which are required to be disclosed in the annual report have been sufficiently disclosed in this report under Principles 6, 7 and 8, and in the financial statements of the Company and of the Group.

The RC consists of two (2) Independent Non-Executive Directors and one (1) Non-Independent Non-Executive Director, the majority of whom, including the RC Chairman, are independent:

|                         |  |   |          |
|-------------------------|--|---|----------|
| Mr S. Chandra Das       | (Independent Non-Executive Chairman)     | – | Chairman |
| Mr Sitoh Yih Pin        | (Independent Non-Executive Director)     | – | Member   |
| Mr Lim Teong Jin George | (Non-Independent Non-Executive Director) | – | Member   |

# CORPORATE GOVERNANCE REPORT

The RC will meet at least once a year. The RC carries out its duties in accordance with a set of terms of reference which mainly includes the following:

- reviewing and recommending to the Board for endorsement, a framework of remuneration policies to determine the specific remuneration packages for each Director and key Management personnel, including employees related to the Executive Directors and controlling shareholders (if any). The framework covers all aspects of remuneration, including but not limited to Director's fees, salaries, allowances, bonuses, options, share-based incentives and awards and benefits-in-kind;
- reviewing and recommending the remuneration of the Non-Executive Directors, taking into account factors such as their effort, time spent and their responsibilities;
- reviewing and determining the contents of any service contracts for any Directors or key Management personnel; and
- carrying out other duties as may be agreed by the RC and the Board, subject to any regulations or restrictions that may be imposed upon the RC by the Board from time to time.

The RC is responsible for ensuring that a formal and transparent procedure is in place for fixing the remuneration packages of each individual Director, the CEO and key Management personnel (who are not Directors or the CEO). All aspects of remuneration frameworks, including but not limited to Directors' fees, salaries, allowances, bonuses and other benefits-in-kind, are reviewed by the RC to ensure that they are appropriate and proportionate to the sustained performance and value creation of the Group. The recommendations of the RC are submitted for endorsement by the Board. Such frameworks are reviewed periodically to ensure that the Directors and key Management personnel are adequately but not excessively remunerated as compared to industry benchmarks and other comparable companies. The RC also considers and recommends the CEO's remuneration package including salary, bonus and benefits-in-kind for endorsement by the Board.

The RC has access to expert advice in the field of executive remuneration outside the Company with regards to remuneration matters wherever necessary. The RC will ensure that existing relationships, if any, between any of its directors or the Company and its appointed remuneration consultants, will not affect the independence and objectivity of the remuneration consultants. In FY2020, the Company did not seek any expert advice outside the Company on remuneration of its Directors.

The RC ensures that the remuneration of the Non-Executive Directors are appropriate for their level of contribution, taking into account factors such as effort and time spent, and their responsibilities. Non-Executive Directors receive a basic fee for their services. Each member of the RC abstains from voting on any resolutions in respect of his own remuneration package. Directors' fees are further subjected to the approval of shareholders at the AGM.

Having reviewed and considered the salary components of the Executive Directors and the key Management personnel (which are considered reasonable and commensurate with their respective job scope and level of responsibilities), the RC is of the view that there is no requirement to use contractual provisions to allow the Company to reclaim incentive components of the remuneration paid in prior years in exceptional circumstances of misstatement of financial results, or of misconduct resulting in financial loss.

### Notes:

- <sup>(1)</sup> Band 1 means remuneration of S\$250,000 and below per annum  
 Band 2 means remuneration of between S\$250,001 and S\$500,000 per annum  
 Band 3 means remuneration of S\$500,001 and above per annum
- <sup>(2)</sup> Salaries and bonuses include employer's contributions to the Central Provident Fund ("CPF")
- <sup>(3)</sup> The Company has identified Mr Liu Wei, Chief Executive Officer of its wholly-owned subsidiary, TalkMed China Pte.Ltd.'s China operations, as a key Management personnel with effect from 1 January 2020.

The Board is of the view that it is not in the interests of the Company to disclose in full the remuneration of each individual Director, the CEO and the four (4) key Management personnel (who are not Directors or the CEO) of the Company and that the details disclosed in the table provides an appropriate balance between detailed disclosure and confidentiality in the sensitive area of remuneration. In arriving at its decision, the Board took into consideration the competitive business environment which the Group operates in, the sensitive and confidential nature of such information and disadvantages that this might bring. There are no termination, retirement and post-employment benefits granted to Directors, the CEO and the four (4) key Management personnel.

# CORPORATE GOVERNANCE REPORT

In aggregate, the total remuneration (including CPF contributions thereon and bonuses) paid to the four (4) key Management personnel (who are not Directors or the CEO) during FY2020 is approximately S\$1.29 million.

Save as disclosed in this report, there was no employee of the Group who was a substantial shareholder or an immediate family member of a Director, the Chairman, the CEO, or a substantial shareholder of the Company whose remuneration exceeded S\$100,000 for FY2020.

The Company has an employee share option scheme and a performance share plan known as the TalkMed Group Employee Share Option Scheme (the “**ESOS**”) and the TalkMed Group Performance Share Plan (the “**PSP**”) respectively, approved by shareholders of the Company on 28 April 2016. Details of the ESOS and the PSP can be found in the circular to shareholders dated 13 April 2016. The ESOS and the PSP are respectively administered by a committee comprising four (4) Directors, Mr S. Chandra Das, Mr Sitoh Yih Pin, Mr Lim Teong Jin George and Dr Ang Peng Tiam.

The Company awarded 12,000,000 ordinary shares (“**Total Performance Shares**”) under the PSP to the employees of the Group on 13 March 2020 (the “**Award**”), accounting for 0.91% of the issued shares of the Company as at the date of the Award. On 13 March 2020, the Company allotted and issued 3,465,423 new ordinary shares pursuant to the immediate vesting of the performance shares of Category A employees under the Award. On 15 March 2021, the Company allotted and issued 1,966,931 new ordinary shares pursuant to the vesting of the first tranche of performance shares of Category B and Category C employees under the Award. Details of the Award granted under the PSP during FY2020 can be found in the Directors’ Statement and Note 7 to the financial statements. There were no share options granted under the ESOS in FY2020.

No options or share awards were granted to directors and controlling shareholders (and their associates) of the Group since the commencement of the ESOS and PSP till the end of FY2020.

The Company allotted and issued 87,633 new ordinary shares on 11 May 2020 pursuant to the vesting of the second tranche of performance shares awarded under the PSP in 2017.

## C. ACCOUNTABILITY AND AUDIT

The Board recognises the importance of providing accurate and relevant information on a timely basis. In this respect, the ARC reviews all financial results announcements and financial statements and recommends them to the Board for approval. In addition, the ARC ensures that the Company maintains a sound system of internal controls to safeguard the shareholders’ investments and the Group’s assets, as well as to manage potential risks.

Management provides all members of the Board with sufficient and timely information on its financial performance and potential issues before all Board meetings.

In line with continuous disclosure obligations of the Company and in accordance with the Listing Manual Section B: Rules of Catalist of the Singapore Exchange Securities Trading Limited (“**SGX-ST**”) (the “**Catalist Rules**”) and the Companies Act, Chapter 50 of Singapore, the Board adopts a policy whereby shareholders shall be informed of all major developments of the Company.

Financial information and other price-sensitive information are circulated in a timely manner to the shareholders through announcements via SGXNet, press releases and the Company’s website. The Company’s corporate information, as well as annual reports, are also available on the Company’s website.

# CORPORATE GOVERNANCE REPORT

## Principle 9 – Risk Management and Internal Controls

The Board is overall responsible for the governance of risk within the Group. It ensures that Management maintains a sound system of risk management and internal controls to safeguard the interests of the Company and its shareholders, and determines the nature and extent of the significant risks that the Company is willing to take in achieving its strategic business objectives and value creation.

The Management is responsible to the Board for the design, implementation and monitoring of the Group's risk management and internal control systems, and providing the Board with a basis to determine the Group's level of risk tolerance and risk policies. The Board acknowledges that it is responsible for reviewing the adequacy and effectiveness of the Group's risk management and internal control systems including financial, operational, compliance and information technology controls. The Board also recognises its responsibilities in ensuring a sound system of internal controls to safeguard shareholders' investments and the Group's assets.

The Company engaged HLS Risks Advisory Services Pte. Ltd. ("**HLS**") as the internal auditors to assist the Board and the ARC in their review of the Group's risk management and internal control systems focusing on financial, operational, compliance and information technology controls. The Board believes that adequate internal controls within the Group are crucial to ensure that the Group continues to meet or exceed its standards in all key aspects, and at the same time, to safeguard shareholders' interest and the Group's assets through effective risk management.

A risk management assessment has been performed by the Management with the assistance of the internal auditors. On an annual basis, the ARC reviews and reports the Group's risk profile to the Board, evaluates results and counter-measures to mitigate potential risks so as to assure itself and the Board that the process is operating effectively as planned. The Group recognises risk management as a collective effort beginning with the individual subsidiaries and business units. The process identifies relevant potential risks across the Group's operations with the aim to bring them to within acceptable cost and tolerance parameters.

The Management regularly reviews and updates the Board on the Group's business and operational activities in respect of the key risk control areas including financial, operational, compliance and information technology controls and continues to apply appropriate measures to control and mitigate these risks. All significant matters are highlighted to the Board and the ARC for further discussion. The Board and the ARC also work with the internal auditors and Management on their recommendations to institute and execute relevant controls with a view to managing such risks.

The Group has conducted an enterprise risk assessment, with the assistance of the internal auditors, and has developed a detailed risk register. The Group will continue to analyse, monitor and mitigate the key risk areas to ensure that the Group's risk management and internal control systems are adequate and effective.

The Board notes that no cost effective system of internal controls could provide absolute assurance against the occurrence of material errors, losses, fraud or other irregularities. In view of the above and based on the internal controls established and maintained by the Group, work performed by the internal auditors, the statutory audit conducted by the external auditors, and reviews performed by the Management, various Board Committees and the Board so far, the ARC and the Board are of the opinion that the Group's risk management and internal control systems are effective and adequate to address the financial, operational, compliance and information technology risks, based on the internal controls established and maintained by the Group and reports from the internal auditors and external auditors on the financial statements and management letter. This is in turn supported by the assurance from the CEO and the CFO that: (a) the financial records of the Group have been properly maintained and the consolidated financial statements for FY2020 give a true and fair view of the Company's operations and finances; and (b) an adequate and effective risk management and internal control systems have been put in place.

# CORPORATE GOVERNANCE REPORT

## Principle 10 – Audit and Risk Committee

The Board recognises the importance of providing accurate and relevant information on a timely basis. To ensure that the corporate governance is effectively practised, the Board has established self-regulatory and monitoring mechanisms, including the establishment of the ARC to ensure that the Company maintains a sound system of internal controls to safeguard the shareholders' investments and the Group's assets as well as to manage potential risks. The ARC consists of two (2) Independent Non-Executive Directors and one (1) Non-Independent Non-Executive Director, the majority of whom, including the ARC Chairman, are independent:

|                  |  |   |          |
|------------------|--|---|----------|
| Mr Sitoh Yih Pin | (Independent Non-Executive Director)     | – | Chairman |
| Mr Dan Yock Hian | (Independent Non-Executive Director)     | – | Member   |
| Mr Lim Jen Howe  | (Non-Independent Non-Executive Director) | – | Member   |

The Board has ensured that all members of the ARC, having the necessary accounting and/or related financial management expertise, are appropriately qualified to discharge their responsibilities.

The ARC meets on a quarterly basis and plays a key role in assisting the Board to review significant financial reporting issues and judgements to ensure the quality and integrity of the accounting reports, the audit procedures, internal controls, financial statements and any announcements relating to the Group's financial performance.

The members of the ARC carry out their duties in accordance with a set of terms of reference which mainly includes the following:

- to review with the external auditors their audit plan, audit report, management letter and the Management's response;
- to review the quarterly (where applicable), half year, full year financial results announcements and annual financial statements on significant financial reporting issues and judgements before submission to the Board for approval;
- to review any announcements relating to the Company's financial performance;
- to review annually the adequacy and effectiveness of the Company's internal controls and risk management systems;
- to discuss problems and concerns, if any, arising from the interim and final audits, in consultation with the external auditors;
- to meet with the internal and external auditors without the presence of the Management, at least annually, to discuss any problems and concerns they may have;
- to review the assistance given by the Management to external auditors;
- to review and evaluate the assurance from the CEO and CFO on the financial records and financial statements of the Group;
- to review the adequacy, effectiveness, independence, scope and results of the Company's internal audit function (which has been outsourced to HLS);
- to review annually the adequacy, effectiveness, scope and results of the external audit and its cost-effectiveness as well as the independence and objectivity of the external auditors;
- to review the policy and arrangements by which staff of the Group may, in confidence, raise concerns about possible improprieties in matters of financial reporting or other matters within its terms of reference. The ARC will lead in all queries as may be raised by the staff of the Group. The ARC will have full access to and co-operation from Management and full discretion to invite any Director or executive officer to attend its meetings. The ARC also has reasonable resources to enable it to discharge its functions properly;
- to report to the Board its findings from time to time on matters arising and requiring the attention of the ARC;
- to review Interested Person Transactions ("IPTs") falling within the scope of the Catalist Rules;

# CORPORATE GOVERNANCE REPORT

- to undertake such other reviews and projects as may be requested by the Board; and
- to consider the appointment/re-appointment of external auditors, the audit fee and matters relating to the resignation or dismissal of auditors.

Apart from the duties listed above, the ARC shall commission and review the findings of internal investigations into matters where there is any suspected fraud or irregularity, or failure of internal controls or infringement of any Singapore law, rule or regulation which has or is likely to have a material impact on the Group's operating results and/or financial position. Each member of the ARC shall abstain from voting on any resolutions in respect of matters in which he is interested.

The ARC assists the Board in discharging its responsibility to safeguard the Group's assets, maintain adequate accounting records and develop and maintain effective systems of internal control, with the overall objective of ensuring that Management creates and maintains an effective control environment. The ARC provides a channel of communication between the Board, Management, and the internal and external auditors on audit matters.

The ARC also has explicit authority to investigate any matter within its terms of reference, full access to and co-operation by Management and full discretion to invite any Director or Executive Director to attend its meetings, and reasonable resources to enable it to discharge its functions properly. The ARC meets with the internal and external auditors, without the presence of Management, at least once a year.

Changes to accounting standards and issues which have a direct impact on financial statements will be highlighted to the ARC from time to time by the external auditors. The external auditors work with Management to ensure that the Group complies with the new accounting standards, if applicable.

## External Auditor

In evaluating the quality of the work carried out by the external auditor, Messrs Ernst & Young LLP ("**EY**"), the ARC's assessment of the performance of EY was based on EY's firm-level and engagement-level audit quality indicators ("**EY AQI Framework**"), which is in line with the requirements of the Singapore Standards on Quality Control 1 *Quality Control for Firms that Perform Audits and Reviews of Financial Statements, and Other Assurance and Related Service Engagements*. The key elements of the EY AQI Framework include assessment on the experience and involvement of senior audit team members, training programmes and independence requirements of the team members, regular inspections by both internal and external parties (e.g. the Accounting and Corporate Regulatory Authority Practice Monitoring Programme inspections), and human resources (which takes into account, among others, attrition rates of the firm).

The ARC also reviews the independence and objectivity of the external auditors and has reviewed the scope and value of non-audit services provided to the Group by EY. The aggregate amount of audit and non-audit fees paid or payable to EY for FY2020 are as disclosed in Note 8 to the financial statements. The ARC is satisfied that the nature and extent of such services will not prejudice the independence and objectivity of EY. The ARC has recommended to the Board the nomination of EY for re-appointment as auditors of the Company at the forthcoming AGM. The Group has also complied with Rules 712 and 715 (1) of the Catalist Rules of SGX-ST in relation to the appointment of its external auditors. None of the ARC members was former partners or directors of EY or has any financial interest in EY.

To keep abreast of the changes in accounting standards and issues which have a direct impact on the financial statements, the ARC will seek advice from the external auditors during each ARC meeting.

# CORPORATE GOVERNANCE REPORT

## Whistle-Blowing Policy

In order to encourage proper work ethics and eradicate any internal improprieties, unethical acts, malpractices, fraudulent acts, corruption and/or criminal activities in the Group, the Group has implemented a whistle-blowing policy. The policy will stipulate the mechanism by which concerns about plausible improprieties in matters of financial reporting may be raised. A dedicated secured email address allows whistle-blowers to contact the ARC. The whistle-blowing policy and its procedures have been made available to all employees.

The Company's whistle-blowing policy allows employees to raise concerns and offer reassurance that they will be protected from reprisals or victimisation for whistle-blowing in good faith.

The ARC will address any issues/concerns that are raised and follow up with the necessary investigations and/or other appropriate actions. The ARC will report to the Board all issues/concerns that it receives at the ensuing Board meeting. In the event where the ARC receives reports relating to serious offences, and/or criminal activities in the Group, the ARC and the Board shall have access to the appropriate external advice where necessary. Where appropriate or required, a report shall be made to the relevant governmental authorities for further investigation/action.

## Internal Auditor

The ARC's responsibilities in relation to the Group's internal controls, which include reviewing the scope and effectiveness of the overall internal audit system, programmes and various aspects of internal controls and risk management of the Group, are complemented by the work of the internal auditors.

HLS has been engaged as the independent internal auditors to perform the internal audit function and will report their findings and where applicable, make recommendations to the ARC. The head of the internal audit team is Mr Michael Heng, a Chartered Accountant of over twenty (20) years, who has relevant qualifications and internal audit experience. The internal audit team comprises qualified experienced professionals each having over ten (10) years of relevant internal audit experience.

HLS carries out their internal audit works in accordance with the Standards for the Professional Practice of Internal Auditing that are set by the Institute of Internal Auditors. The ARC ensures that the Management provides adequate support to the internal auditors which include, amongst others, access to documents, records, properties and personnel. The primary reporting line of the internal audit function is to the ARC. The internal auditors have unrestricted access to the ARC on internal audit matters. The ARC reviews the internal audit reports of the Group. Any material non-compliance or failure in internal control and recommendations for improvements are reported to the ARC.

The ARC has reviewed the adequacy and effectiveness of the internal audit function (which is undertaken by HLS) at least annually and has ensured that it is adequately resourced and has appropriate standing within the Company. The ARC approves the hiring, removal, evaluation and compensation of HLS.

## D. SHAREHOLDERS' RIGHTS AND ENGAGEMENT

### Principle 11 – Shareholders' Rights and Conduct of General Meetings

### Principle 12 – Engagement with Shareholders

The Group recognises the importance of maintaining transparency and accountability to its shareholders. The Board ensures that all of the Company's shareholders are treated equitably and the rights of all investors, including non-controlling shareholders, are protected. The Group is committed to providing shareholders with adequate, timely and relevant information pertaining to changes in the Group's business which could have a material impact on the Company's share price.

The Company believes in regular, effective and fair communication with members of the investing community and has in place an investor relations policy to provide for a mechanism through which, shareholders may communicate effectively with the Company. Shareholders may contact the Company with their questions via emails and phone calls or through enquiry forms submitted via the Company's website, and the Company will respond to such questions in a timely manner.

The Board embraces openness and transparency in the conduct of the Group's affairs, whilst safeguarding its commercial interests. Material information on the Group has been released to the public through the Company's announcements via SGXNet on a timely basis.

The Group strongly encourages shareholders' participation at the AGM. Shareholders are able to proactively engage the Board and Management on the Group's business activities, financial performance and other business-related matters through dialogue sessions. The Group believes in regular, effective and fair communication with shareholders and is committed to hearing shareholders' views and addressing their concerns. The Board believes that general meetings serve as an opportune forum for shareholders to meet the Board and key Management personnel, and to interact with them. Information on general meetings is disseminated through notices in the annual reports or circulars sent to all shareholders. The notices are also released via SGXNet and published in local newspapers, as well as posted on the Company's website.

The Company communicates with shareholders and the investing community about the Company's business development and financial performance through the timely release of announcements to the SGX-ST via SGXNet. During FY2020, quarterly (where applicable), half yearly and full year financial results of the Company and the Group were released within forty-five (45) days from the respective period ended and sixty (60) days from the financial year ended 31 December 2020. In addition, the Company's annual report is made available to shareholders through SGX announcement and the Company's website at least fourteen (14) days before the AGM. To be environmentally friendly, the Company will no longer distribute hard copies of its annual report to shareholders starting from 2021. Shareholders who wish to receive hard copies of its annual report are required to complete and submit a request form which can be found in the letter to Shareholders dated 5 April 2021 that was uploaded on SGXNet on the same date. This annual report is made available on the Company's website at the URL <https://www.talkmed.com.sg/>, and on SGX website at URL <https://www.sgx.com/securities/company-announcements>.

The Constitution of the Company allows all shareholders (members) to appoint up to two (2) proxies to attend general meetings and vote on their behalf. On 3 January 2016, the legislation was amended, amongst other things, to allow certain members, defined as "relevant intermediary", to attend and participate in general meetings without being constrained by the two-proxy requirement. Relevant intermediary includes corporations holding licenses in providing nominee and custodial services and the CPF Board which purchases shares on behalf of the CPF investors.

# CORPORATE GOVERNANCE REPORT

As the authentication of shareholder identity information and other related security issues still remain a concern, the Group has decided, for the time being, not to implement voting in absentia by mail, email or fax. Separate resolutions on each distinct issue are tabled at general meetings and explanatory notes are set out in the notices of general meetings where appropriate. All Directors, including the Chairman of the Board and the respective Chairman of the Board Committees, Management, legal professional (if required) and the external auditors are intended to be in attendance at the forthcoming AGM to address any queries of the shareholders. All Directors had attended the AGM held on 20 April 2020. The Company is in full support of shareholders' participation at AGM. For those who hold their shares through nominee or custodial services, they are allowed, upon prior request through their nominee, to attend the AGM as observers without being constrained by the two-proxy rule.

The Company will record the minutes of general meetings that include substantial and relevant comments or queries from shareholders relating to the agenda of the meetings and responses from the Management. Such minutes will be published on its corporate website and on SGXNet as soon as practicable.

The Company has adopted poll voting by shareholders for greater transparency in the voting process. At general meetings, the appointed independent scrutineer will explain to the shareholders the rules, including the poll voting procedures that govern such general meetings. The detailed voting results of each of the resolutions tabled will be announced immediately at the meeting. The total number of votes cast for or against the resolutions and the respective percentages will also be announced immediately at the AGMs and after the meeting via SGXNet.

Due to the outbreak of COVID-19, the Company's AGM for FY2019 held on 20 April 2020 was conducted by way of electronic means. Physical copies of the annual report, notice of AGM and proxy form were sent to shareholders. The Company had also published letters to shareholders, detailing the alternative arrangements for the AGM held on 20 April 2020, during the COVID-19 pandemic. Shareholders participated in the AGM via electronic means, and were directed to pre-register online and submit questions related to the AGM in advance of the AGM. The Company provided responses to the substantial queries and relevant comments from shareholders at the AGM via electronic means, and the responses were subsequently published on SGXNet and the Company's website together with the minutes of the AGM.

As the AGM for FY2019 was held by electronic means, voting at the AGM was conducted by proxy only. Shareholders who wished to vote on any or all of the resolutions at the AGM had appointed the Chairman of the AGM as their proxy by completing the proxy form for the AGM, and submitting the proxy form by post or by email to the Company forty-eight (48) hours before the AGM.

Although at present the COVID-19 pandemic is largely under control in Singapore, as a precautionary measure, the Company's AGM for FY2020 will continue to be held via electronic means. Shareholders will not be able to attend the AGM in person, but may observe the proceedings of the AGM by audio or audio-visual means. Shareholders may appoint the Chairman of the AGM as proxy to vote on their behalf at the AGM. Physical copies of the notice of the AGM, proxy form and letter to Shareholders dated 5 April 2021 will be sent to shareholders. The notice of the AGM, proxy form and letter to Shareholders dated 5 April 2021 will also be published on the Company's website at the URL <https://www.talkmed.com.sg/>, and on the SGX website at the URL <https://www.sgx.com/securities/company-announcements>. Please refer to the notice of the FY2020 AGM and letter to Shareholders dated 5 April 2021 for more information on the forthcoming AGM.

# CORPORATE GOVERNANCE REPORT

The Company has adopted a dividend policy that it believes appropriately reflects its goals, strategy and risk profile while providing attractive long-term return to investors. The Board is recommending 0.75 Singapore cent per ordinary share for FY2020 as the final one-tier tax-exempt dividend payable to the shareholders, subject to the approval of shareholders at the forthcoming AGM. In considering the form, frequency and amount of dividends that the Board may recommend or declare in respect of any particular year or period, the Board takes into account various factors including:

- the level of cash and retained earnings;
- the actual and projected financial performance;
- the projected levels of capital expenditure and other investment plans;
- restrictions on payment of dividends imposed on the Company by financing arrangements (if any); and
- any other factors deemed relevant by the Board.

## E. MANAGING STAKEHOLDERS RELATIONSHIPS

### Principle 13 – Engagement with Stakeholders

The Board adopts an inclusive approach by considering and balancing the needs and interests of material stakeholders, as part of its overall responsibility to ensure that the best interests of the Company are served.

The Company has identified its key stakeholder groups based on their impact on the Group's business and operations.

Through various engagement initiatives, the Company was able to strengthen its relationships with its stakeholders and obtain valuable feedback. More information on the Company's engagement with its stakeholders can be found in our FY2020 Sustainability Report which will be made available via SGXNet and our Company's website by end May 2021.

All material information on the performance and development of the Group and of the Company is disclosed in a timely, accurate and comprehensive manner through SGXNet, press releases and the Company's website. The quarterly (where applicable), half-yearly and full year financial results are also available on the Company's website. ### OTHER CORPORATE GOVERNANCE MATTERS

The Company has in place internal codes of conduct and practices for its Board members and employees on securities transactions while in possession of price-sensitive information and in their conduct of business activities.

# CORPORATE GOVERNANCE REPORT

## DEALINGS IN SECURITIES

(Rule 1204 (19) of the Catalist Rules of SGX-ST)

The Company has adopted an internal securities code of compliance to provide guidance to the Directors and all employees of the Group with regard to dealing in the Company's securities pursuant to Rule 1204 (19) of the Catalist Rules. During FY2020, the Company issues circulars to its Directors, officers and employees on the prohibition of dealing in its shares during the two (2) weeks before the announcement of the Company's third quarter financial results and one (1) month before the half year and full year financial results till the day of such announcements. Directors and employees are also advised against dealing in the Company's securities when they are in possession of any unpublished material price-sensitive information of the Group at all times. In addition, the Company discourages the Directors and employees from dealing in the Company's securities on short-term considerations. The Group confirmed that it has adhered to its internal securities code of compliance for FY2020.

## INTERESTED PERSON TRANSACTIONS ("IPT")

# INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF TALKMED GROUP LIMITED

### Report on the audit of the financial statements

#### Opinion

We have audited the financial statements of TalkMed Group Limited (the “**Company**”) and its subsidiaries (collectively, the “**Group**”), which comprise the statements of financial position of the Group and the Company as at 31 December 2020, the statements of changes in equity of the Group and the Company and the consolidated statement of comprehensive income and consolidated cash flow statement of the Group for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying consolidated financial statements of the Group and the statement of financial position and statement of changes in equity of the Company are properly drawn up in accordance with the provisions of the Singapore Companies Act, Chapter 50 (the Act) and Singapore Financial Reporting Standards (International) (SFRS(I)) so as to give a true and fair view of the consolidated financial position of the Group and the financial position of the Company as at 31 December 2020 and of the consolidated financial performance, consolidated changes in equity and consolidated cash flows of the Group and changes in equity of the Company for the year ended on that date.

#### Basis for opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Group in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

#### Key audit matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. For each matter below, our description of how our audit addressed the matter is provided in that context.

We have fulfilled our responsibilities described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report, including in relation to the matter. Accordingly, our audit included the performance of procedures designed to respond to our assessment of the risks of material misstatement of the financial statements. The results of our audit procedures, including the procedures performed to address the matters below, provide the basis for our audit opinion on the accompanying financial statements.

#### Revenue – Consultancy fees

The Group determines that its promise to render consultancy services and provide specialist doctors and clinical staff and premises to Parkway Cancer Centre (“**PCC**”), a division of Parkway Hospitals Singapore Pte. Ltd., represents a single performance obligation. Revenue from the provision of such consultancy services to PCC is recognised over time as the Group concludes that PCC simultaneously receives the benefits as it performs the services.

# INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## Key audit matters (cont'd)

### Revenue – Consultancy fees (cont'd)

63% of the Group's revenue comprises consultancy services revenue derived from PCC. Revenue from consultancy services is computed based on the financial results of PCC in accordance with the terms and conditions of the Consultancy Restatement Agreement. The reported PCC's revenue and profit form the basis of the Group's consultancy revenue charged to PCC. We have identified this as a key audit matter due to the high volume of transactions which in turn creates a risk that systematic errors or alteration of pricing could lead to an error in the reported PCC's revenue and hence the Group's revenue for the year.

As part of our audit procedures, we have reviewed the Consultancy Restatement Agreement which specifies the obligations of the Group and the basis of computing the Group's consultancy revenue. We also evaluated the design and tested the effectiveness of the internal controls over revenue recognition process and reviewed the appropriateness of the Group's revenue recognition accounting policies. We recomputed the reasonableness of the consultancy fees based on the financial results of PCC, including setting expectations of PCC's gross revenue and gross margin based on number of patient visits, average billing and historical margin achieved and comparing our expectations to the consultancy fees recorded. We also considered the adequacy of the disclosures in respect of revenue in Notes 2.17(a) and 4 to the financial statements.

### Impairment assessment for plant and equipment, and investments in associate and subsidiaries

As at 31 December 2020, plant and equipment amounted to approximately S\$2,015,000. At the same date, cost of investments in subsidiaries and associate amounted to S\$15,629,000 and S\$11,399,000 respectively. Management has noted indicators of impairment as at the balance sheet date and have conducted an impairment assessment in accordance with SFRS(I) 1-36. Arising from the impairment assessment, the Group recorded an impairment loss of S\$3,407,000 for plant and equipment as disclosed in Note 11 to the financial statements. Impairment loss of S\$3,030,000 and S\$4,726,000 was recognised in respect of the Company's investment in two subsidiaries.

Management conducts its impairment review exercise by preparing value-in-use computations using a discounted cash flow model to determine the recoverable values of its investments in associate and subsidiaries, and the Group's plant and equipment. The projection of cash flows involved various significant assumptions such as forecasted revenue, terminal growth rate and discount rate. As these assumptions required significant judgement and estimations by management, we considered the impairment assessment for the Group's plant and equipment as well as the Company's cost of investments in associate and subsidiaries to be a key audit matter.

In addressing this area of focus, our audit procedures included, among others, evaluating and assessing the assumptions and methodology used by management to determine the recoverable amount of the Group's plant and equipment as well as the Company's investments in associate and subsidiaries. We evaluated the robustness of management's budgeting process by comparing the actual historical financial performance against previously forecasted results, historical data and the industry outlook which takes into consideration the impact of COVID-19. We involved our internal specialist to assist us in evaluating the reasonableness of the discount rate and terminal growth rate applied in the value-in-use calculations. We considered the sensitivity of management's value-in-use computation to reasonable changes in significant assumptions related to discount rate, terminal growth rate and revenue growth forecast.

We also reviewed the adequacy of the disclosures in respect of the impairment assessment in Notes 13 and 15 to the financial statements.

# INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## Key audit matters (cont'd)

### Impairment of loans to subsidiaries

As disclosed in Note 16 to the financial statements, the Company has provided loans to its subsidiaries. The COVID-19 pandemic had adversely affected the operations and results of these subsidiaries and consequently, their ability to meet the contractual repayment terms of the loans. As such, the Company assessed that there was a significant increase in credit risk since the initial recognition of these loans and recognised an aggregate of S\$8,484,000 of lifetime expected credit losses ("ECLs").

The lifetime ECLs recorded represented the Company's exposure on the loans due from the subsidiaries and was assessed based on the likelihood of default and what management estimates to recover from these subsidiaries. We have identified impairment of loans to subsidiaries as a key audit matter as the estimation of the expected credit losses involved significant management's judgement and estimation in the area of forecasting cash flows arising from future results of the subsidiaries' operations and the discount rate used.

Our audit procedures included, among others, understanding management's outlook and expectations of the subsidiaries' businesses prospects in assessing management's judgement of the likelihood of default. For purpose of testing the reasonableness of the loss exposure estimated by management, we reviewed management's forecasting process by comparing the assumptions to the historical performance of the subsidiaries and considering the latest industry outlook, including the impact of COVID-19 on the forecasted results. Our internal specialist assisted us in the evaluation of the discount rate used by management. We have also tested the arithmetical accuracy of management's computation of the expected credit losses. Further, we also performed sensitivity analysis on management's estimates and assumptions used in the computation of the estimates.

In addition, we assessed the adequacy of the Company's disclosures on the loans to subsidiaries and the accompanying impairment loss in Notes 13(a), 16 and 26(a)(ii) to the financial statements.

## Other information

Management is responsible for other information. The other information comprises the information included in the annual report, but does not include the financial statements and our auditor's report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

# INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## Responsibilities of management and directors for the financial statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and SFRS(I), and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

The directors' responsibilities include overseeing the Group's financial reporting process.

## Auditor's responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.

# INDEPENDENT AUDITOR'S REPORT

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## Auditor's responsibilities for the audit of the financial statements (cont'd)

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide the directors with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with the directors, we determine those matters that were of most significance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

## Report on other legal and regulatory requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company and by those subsidiary corporations incorporated in Singapore of which we are the auditors have been properly kept in accordance with the provisions of the Act.

The engagement partner on the audit resulting in this independent auditor's report is Ho Shyan Yan.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 1. CORPORATE INFORMATION

TalkMed Group Limited (the “**Company**”) is a limited liability company incorporated and domiciled in Singapore and is listed on the Singapore Exchange Securities Trading Limited (“**SGX-ST**”). The immediate and ultimate holding company is Ladyhill Holdings Pte. Ltd. which is incorporated in Singapore.

The registered office of the Company is at 101 Thomson Road, #09-02 United Square, Singapore 307591 and the principal place of business of the Group is at 3 Mount Elizabeth, Mount Elizabeth Hospital Level 2, Singapore 228510.

The principal activity of the Company is that of investment holding. The principal activities of the subsidiaries, joint venture and associate are disclosed in Notes 13, 14 and 15 to the financial statements.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

### 2.1 Basis of preparation

The consolidated financial statements of the Group and the statement of financial position and the statement of changes in equity of the Company have been prepared in accordance with Singapore Financial Reporting Standards (International) (“**SFRS(I)**”).

The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in Singapore Dollars (“**SGD**” or “**S\$**”) and all values are rounded to the nearest thousand (“**S\$’000**”) as indicated.

### 2.2 Adoption of new and amended standards and interpretations

The accounting policies adopted are consistent with those of the previous financial year except in the current financial year, the Group has adopted all the new and amended standards and interpretations which are relevant to the Group and are effective for annual financial periods beginning on or after 1 January 2020. The adoption of these standards and interpretations did not have any material effect on the financial performance or position of the Group and the Company.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.2 Adoption of new and amended standards and interpretations (cont'd)

#### Early adoption of amendment to SFRS(I) 16 Leases: COVID-19-Related Rent Concessions

The Group has elected to early adopt the Amendment to SFRS(I) 16 Leases: COVID-19-Related Rent Concessions issued on 28 May 2020. The amendment introduces an optional practical expedient for a lessee to elect not to assess whether eligible rent concessions that are a direct consequence of the COVID-19 coronavirus pandemic are lease modifications if all of the following conditions are met:

- (a) the change in the lease payments results in revised consideration for the lease that is substantially the same as, or less than, the consideration for the lease immediately preceding the change;
- (b) any reduction in lease payments affects only payments originally due on or before 30 June 2021; and
- (c) there is no substantive change to other terms and conditions of the lease.

The Group has elected to apply this practical expedient to leases. As a result of applying the practical expedient, rent concessions of S\$253,000 (Note 5) were recognised as "Other income" in profit or loss during the year.

### 2.3 Standards issued but not yet effective

The Group has not adopted the following standards applicable to the Group that have been issued but not yet effective:

| <b>Description</b>  | <b>Effective for annual periods beginning on or after</b> |
|---|---|
| Amendments to SFRS(I) 9 Financial Instruments, SFRS(I) 7 Financial Instruments: Disclosures, SFRS(I) 16 Leases: Interest Rate Benchmark Reform – Phase 2  | 1 January 2021  |
| Amendments to SFRS(I) 1-16 Property, Plant and Equipment: Proceeds before Intended Use  | 1 January 2022  |
| Amendments to SFRS(I) 1-37 Provisions, Contingent Liabilities and Contingent Assets: Onerous Contracts – Cost of Fulfilling a Contract  | 1 January 2022  |
| Annual Improvements to SFRS(I)s 2018-2020   | 1 January 2022  |
| Amendments to SFRS(I) 1-1 Presentation of Financial Statements: Classification of Liabilities as Current or Non-current   | 1 January 2023  |
| Amendments to SFRS(I) 10 Consolidated Financial Statements and SFRS(I) 1-28 Investments in Associates and Joint Ventures: Sale or Contribution of Assets between an Investor and its Associate or Joint Venture | Date to be determined                                     |

The directors expect that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.4 Basis of consolidation and business combinations

#### (a) *Basis of consolidation*

The consolidated financial statements comprise the financial statements of the Company and its subsidiaries as at the end of the reporting period. The financial statements of the subsidiaries used in the preparation of the consolidated financial statements are prepared for the same reporting date as the Company. Consistent accounting policies are applied to like transactions and events in similar circumstances.

All intra-group balances, income and expenses and unrealised gains and losses resulting from intra-group transactions and dividends are eliminated in full.

Subsidiaries are consolidated from the date of acquisition, being the date on which the Group obtains control, and continue to be consolidated until the date that such control ceases.

Losses within a subsidiary are attributed to the non-controlling interest even if that results in a deficit balance.

A change in the ownership interest of a subsidiary, without a loss of control, is accounted for as an equity transaction. If the Group loses control over a subsidiary, it:

- De-recognises the assets (including goodwill) and liabilities of the subsidiary at their carrying amounts at the date when control is lost;
- De-recognises the carrying amount of any non-controlling interest;
- De-recognises the cumulative translation differences recorded in equity;
- Recognises the fair value of the consideration received;
- Recognises the fair value of any investment retained;
- Recognises any surplus or deficit in profit or loss; and
- Re-classifies the Group's share of components previously recognised in other comprehensive income to profit or loss or retained earnings, as appropriate.

#### (b) *Business combinations*

The consolidated financial statements of the Group have been prepared in accordance with RAP 12 Merger Accounting for Common Control Combinations in the absence of a Standard or an Interpretation that specifically applies to the business combination of the Company and its subsidiary, Singapore Cancer Centre Pte. Ltd. ("**SCC**"). Under this method, the Company has been treated as the holding company of SCC prior to the date of completion of the restructuring exercise in September 2013.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.4 Basis of consolidation and business combinations (cont'd)

#### (b) *Business combinations (cont'd)*

Pursuant to this,

- Assets, liabilities, reserves, revenue and expense of SCC are consolidated at their existing carrying amounts;
- No amount is recognised for goodwill; and
- The retained earnings recognised in the consolidated financial statements are the retained earnings of SCC. Any difference between the consideration paid or transferred and the share capital of the subsidiary, SCC, is reflected within equity as merger reserve.

### 2.5 Transactions with non-controlling interests

Non-controlling interest represents the equity in subsidiaries not attributable, directly or indirectly, to owners of the Company.

Changes in the Company's ownership interest in a subsidiary that do not result in a loss of control are accounted for as equity transactions. In such circumstances, the carrying amounts of the controlling and non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiary. Any difference between the amount by which the non-controlling interest is adjusted and the fair value of the consideration paid or received is recognised directly in equity and attributed to owners of the Company.

### 2.6 Foreign currency

The financial statements are presented in Singapore Dollars, which is also the Company's functional currency. Each entity in the Group determines its own functional currency and items included in the financial statements of each entity are measured using that functional currency.

#### (a) *Transactions and balances*

Transactions in foreign currencies are measured in the respective functional currencies of the Company and its subsidiaries and are recorded on initial recognition in the functional currencies at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the end of the reporting period. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was measured. Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.6 Foreign currency (cont'd)

#### (b) Consolidated financial statements

For consolidation purpose, the assets and liabilities of foreign operations are translated into SGD at the rate of exchange ruling at the end of the reporting period and their profit or loss are translated at the exchange rates prevailing at the date of the transactions. The exchange differences arising on the translation are recognised in other comprehensive income. On disposal of a foreign operation, the component of other comprehensive income relating to that particular foreign operation is recognised in profit or loss.

### 2.7 Plant and equipment

All items of plant and equipment are initially recorded at cost. Subsequent to recognition, plant and equipment are measured at cost less accumulated depreciation and any accumulated impairment losses.

Depreciation is computed on a straight-line basis over the estimated useful lives of the assets as follows:

|                        |   |               |
|------------------------|---|---------------|
| Furniture and fittings | – | 2 to 10 years |
| Clinic equipment       | – | 2 years       |
| Office equipment       | – | 2 to 10 years |
| Computers              | – | 2 to 3 years  |
| Renovations            | – | 2 to 5 years  |
| Laboratory equipment   | – | 3 to 5 years  |
| Motor vehicle          | – | 5 years       |

The carrying values of plant and equipment are reviewed for impairment when events or changes in circumstances indicate that the carrying value may not be recoverable.

The residual value, useful life and depreciation method are reviewed at each financial year-end, and adjusted prospectively, if appropriate.

An item of plant and equipment is de-recognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss on de-recognition of the asset is included in profit or loss in the year the asset is de-recognised.

### 2.8 Impairment of non-financial assets

The Group assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, or when an annual impairment testing for an asset is required, the Group makes an estimate of the asset's recoverable amount.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.8 Impairment of non-financial assets (cont'd)

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value-in-use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or groups of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount.

Impairment losses are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

### 2.9 Subsidiaries

A subsidiary is an investee that is controlled by the Group. The Group controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee.

In the Company's separate financial statements, investment in subsidiaries is accounted for at cost less impairment losses.

### 2.10 Associates and joint ventures

An associate is an entity over which the Group has the power to participate in the financial and operating policy decisions of the investee but does not have control or joint control of those policies.

A joint venture is a type of joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities require the unanimous consent of the parties sharing control.

In the Company's separate financial statements, investments in associate and joint venture are accounted for at cost less impairment losses.

The Group accounts for its investments in associate and joint venture using the equity method from the date on which it becomes an associate or joint venture.

On acquisition of the investment, any excess of the cost of the investment over the Group's share of the net fair value of the investee's identifiable assets and liabilities represents goodwill and is included in the carrying amount of the investment. Any excess of the Group's share of the net fair value of the investee's identifiable assets and liabilities over the cost of the investment is included as income in the determination of the entity's share of the associate's or joint venture's profit or loss in the period in which the investment is acquired.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.10 Associates and joint ventures (cont'd)

Under the equity method, the investment in associate or joint venture is carried in the balance sheet at cost plus post-acquisition changes in the Group's share of net assets of the associate or joint venture. The profit or loss reflects the share of results of the operations of the associate or joint venture. Distributions received from associate or joint venture reduce the carrying amount of the investment. Where there has been a change recognised in other comprehensive income by the associate or joint venture, the Group recognises its share of such changes in other comprehensive income. Unrealised gains and losses resulting from transactions between the Group and the associate or joint venture are eliminated to the extent of the interest in the associate or joint venture.

When the Group's share of losses in an associate or joint venture equals or exceeds its interest in the associate or joint venture, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the associate or joint venture.

After the application of the equity method, the Group determines whether it is necessary to recognise an additional impairment loss on the Group's investment in associate or joint venture. The Group determines at the end of each reporting period whether there is any objective evidence that the investment in the associate or joint venture is impaired. If this is the case, the Group calculates the amount of impairment as the difference between the recoverable amount of the associate or joint venture and its carrying value and recognises the amount in profit or loss.

The financial statements of the associate and joint venture are prepared at the same reporting date as the Company. Where necessary, adjustments are made to bring the accounting policies in line with those of the Group.

### 2.11 Financial instruments

#### (a) Financial assets

##### *Initial recognition and measurement*

Financial assets are recognised when, and only when the Group becomes party to the contractual provisions of the financial instruments. The Group determines the classification of its financial assets at initial recognition.

At initial recognition, the Group measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at fair value through profit or loss are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.11 Financial instruments (cont'd)

#### (a) Financial assets (cont'd)

##### *Subsequent measurement*

Subsequent measurement of debt instruments depends on the Group's business model for managing the asset and the contractual cash flow characteristics of the asset.

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are de-recognised or impaired, and through the amortisation process.

##### *De-recognition*

A financial asset is de-recognised where the contractual right to receive cash flows from the asset has expired. On de-recognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

#### (b) Financial liabilities

##### *Initial recognition and measurement*

Financial liabilities are recognised when, and only when the Group becomes a party to the contractual provisions of the financial instruments. The Group determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus, in the case of financial liabilities not at fair value through profit or loss, directly attributable transaction costs.

##### *Subsequent measurement*

After initial recognition, financial liabilities that are not carried at fair value through profit or loss are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are de-recognised, and through the amortisation process.

##### *De-recognition*

A financial liability is de-recognised when the obligation under the liability is discharged or cancelled or expires. On de-recognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.12 Impairment of financial assets

The Group recognises an allowance for expected credit losses ("**ECLs**") for all debt instruments not held at fair value through profit or loss. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Group expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months ("**a 12-month ECL**"). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default ("**a lifetime ECL**").

For trade receivables, the Group applies a simplified approach in calculating ECLs. Therefore, the Group does not track changes in credit risk, but instead recognises a loss allowance based on lifetime ECLs at each reporting date. The Group has established a provision matrix that is based on its historical credit loss experience, adjusted for forward-looking factors specific to the debtors and the economic environment.

For loans carried at amortised cost, the Group applies the low credit risk simplification. At every reporting date, the Group evaluates whether the loans are considered to have low credit risk using all reasonable and supportable information that is available without undue cost or effort. In making that evaluation, the Group reassesses the internal credit rating of the loans. In addition, the Group considers that there has been a significant increase in credit risk when the contractual payments are more than 60 days past due.

The Group considers a financial asset in default when contractual payments are 90 days past due. However, in certain cases, the Group may also consider a financial asset to be in default when internal or external information indicates that the Group is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Group. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

### 2.13 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks and on hand and short-term deposits which are subject to an insignificant risk of changes in value.

### 2.14 Inventories

Inventories are stated at the lower of cost and net realisable value, assigned on a first-in-first-out basis; and mainly consist of materials used in the provision of stem cell and cellular and gene therapy related products and services.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.14 Inventories (cont'd)

Where necessary, allowance is provided for damaged, obsolete and slow moving items to adjust the carrying value of inventories to the lower of cost and net realisable value.

Net realisable value is the estimated selling price in the ordinary course of business, less estimated costs of completion and the estimated costs necessary to make the sale.

### 2.15 Employee benefits

#### (a) *Defined contribution plans*

The Group makes contributions to the Central Provident Fund scheme in Singapore, a defined contribution pension scheme. Contributions to defined contribution pension schemes are recognised as an expense in the period in which the related service is performed.

#### (b) *Equity-settled compensation plans*

Certain employees of the Group receive remuneration in the form of performance shares and share options as consideration for services rendered. The cost of these equity-settled share-based payment transactions with employees is measured by reference to the fair value at the date on which the performance shares are awarded or when the share options are granted using an appropriate valuation model. This cost is recognised in profit or loss, with a corresponding increase in the share-based payments reserve, over the vesting period. The cumulative expense recognised at each reporting date until the vesting date reflects the extent to which the vesting period has expired and the Group's best estimate of the number of performance shares and share options that will ultimately vest. The charge or credit to profit or loss for a period represents the movement in the cumulative expense recognised as at the beginning and end of that period and is recognised in "Share-based payments expense" in the statement of comprehensive income.

No expense is recognised for performance shares and share options that do not ultimately vest. In the case where the performance share and share option do not vest as the result of a failure to meet a vesting condition that is within the control of the Group or the employee, it is accounted for as a cancellation. In such case, the amount of the compensation cost that otherwise would be recognised over the remainder of the vesting period is recognised immediately in profit or loss upon cancellation. The share option reserve is transferred to retained earnings upon expiry of the share option.

### 2.16 Leases

The Group assesses at contract inception whether a contract is, or contains, a lease. That is, if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.16 Leases (cont'd)

#### (a) Group as a lessee

The Group applies a single recognition and measurement approach for all leases, except for short-term leases and leases of low-value assets. The Group recognises lease liabilities representing the obligations to make lease payments and right-of-use assets representing the right to use the underlying leased assets.

#### *Right-of-use assets*

The Group recognises right-of-use assets at the commencement date of the lease (i.e. the date the underlying asset is available for use). Right-of-use assets are measured at cost, less accumulated depreciation and any accumulated impairment losses, and adjusted for any remeasurement of lease liabilities. The cost of right-of-use assets includes the amount of lease liabilities recognised, initial direct costs incurred, and lease payments made at or before the commencement date less any lease incentives received. The cost of a right-of-use asset also includes an estimate of the costs to be incurred by the Group in dismantling and removing the underlying asset, restoring the site on which the asset is located or restoring the underlying asset to the condition required by the terms and conditions of the lease. The Group, as a lessee, incurs the obligation for those costs either at the commencement date or as a consequence of having used the underlying asset during a particular period.

Right-of-use assets are depreciated on a straight-line basis over the shorter of the lease term and the estimated useful lives of the assets, as follows:

|                     |   |               |
|---------------------|---|---------------|
| Clinics             | – | 2 to 10 years |
| Office premises     | – | 2 to 4 years  |
| Laboratory premises | – | 1 to 3 years  |

If ownership of the leased asset transfers to the Group at the end of the lease term or the cost reflects the exercise of a purchase option, depreciation is calculated using the estimated useful life of the asset. The right-of-use assets are also subject to impairment in accordance with the accounting policy disclosed in Note 2.8 to the financial statements.

#### *Lease liabilities*

At the commencement date of the lease, the Group recognises lease liabilities measured at the present value of lease payments to be made over the lease term. The lease payments include fixed payments (including in-substance fixed payments) less any lease incentives receivable, and amounts expected to be paid under residual value guarantees. The lease payments also include the exercise price of a purchase option reasonably certain to be exercised by the Group and payments of penalties for terminating the lease, if the lease term reflects the Group exercising the option to terminate.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.16 Leases (cont'd)

#### (a) Group as a lessee (cont'd)

##### *Lease liabilities (cont'd)*

In calculating the present value of lease payments, the Group uses its incremental borrowing rate at the lease commencement date because the interest rate implicit in the lease is not readily determinable. After the commencement date, the amount of lease liabilities is increased to reflect the accretion of interest and reduced for the lease payments made. In addition, the carrying amount of lease liabilities is remeasured if there is a modification, a change in the lease term, a change in the lease payments (e.g., changes to future payments resulting from a change in an index or rate used to determine such lease payments) or a change in the assessment of an option to purchase the underlying asset.

##### *Short-term leases and leases of low-value assets*

The Group applies the short-term lease recognition exemption to its short-term leases of office premises (i.e., those leases that have a lease term of 12 months or less from the commencement date and do not contain a purchase option). It also applies the lease of low-value assets recognition exemption to leases of office equipment that are considered to be of low value. Lease payments on short-term leases and leases of low-value assets are recognised as expense on a straight-line basis over the lease term.

##### *COVID-19-related rent concessions*

The Group has applied the Amendment to SFRS(I) 16 Leases: COVID-19-Related Rent Concessions. The Group applies the practical expedient allowing it not to assess whether eligible rent concessions that are a direct consequence of the COVID-19 pandemic are lease modifications. The Group applies the practical expedient consistently to contracts with similar characteristics and in similar circumstances.

#### (b) Group as a lessor

Leases in which the Group does not transfer substantially all the risks and rewards incidental to ownership of an asset are classified as operating leases. Rental income arising is accounted for on a straight-line basis over the lease terms and is included in "Revenue" in the statement of comprehensive income.

### 2.17 Revenue

Revenue is measured based on the consideration to which the Group expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Group satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.17 Revenue (cont'd)

#### (a) **Consultancy services**

The Group provides specialist doctors and clinical staff to Parkway Cancer Centre ("**PCC**"), a division of Parkway Hospitals Singapore Pte. Ltd. for the provision of specialist medical oncology services ("**consultancy services**"). Revenue from the provision of such consultancy services to PCC is recognised when the services are rendered and is computed in accordance with the terms and conditions of the Consultancy Restatement Agreement.

The Group provides consultancy services to Thu Cuc International General Hospital ("**TCH**"), to enable TCH to operate a medical centre for the provision of oncology services in Hanoi, Vietnam. Revenue from the provision of such consultancy services to TCH is recognised when the services are rendered and is computed in accordance with the terms and conditions of the profit sharing agreement.

The Group provides consultancy services to its associate, Hong Kong Integrated Oncology Centre Holdings Limited ("**HKH**") for a fixed annual fee. Revenue from the provision of such consultancy services to HKH is recognised when the services are rendered.

#### (b) **Management fees**

Revenue from management fees is derived from the billing of salaries, wages and employee benefits and rental of premises incurred from the provision of specialist medical oncology services by SCC's employees and specialist doctors to PCC and all expenses incurred from the provision of consultancy services by SCC's specialist doctors to TCH. Revenue from management fees is recognised when the services are rendered.

#### (c) **Stem cell processing and culturing services**

Revenue from processing and culturing of stem cells is recognised upon completion of processing and culturing.

#### (d) **Storage fees**

Revenue arising from the storage of stem cells is accounted for on a straight-line basis over the contractual storage period and recognised in full upon release of all stem cells from storage.

#### (e) **Cellular and gene therapy related products and services**

Revenue from the manufacturing of cellular and gene therapy related products is recognised at the point in time when control of the products is transferred to the customer, generally on delivery of the products to the customer and when all criteria for acceptance have been satisfied.

Revenue from provision of cellular and gene therapy related services is recognised over time as the customers simultaneously receive the benefits as it performs the services.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.18 Government grants

Government grants are recognised when there is reasonable assurance that the grant will be received and all attaching conditions will be complied with. Government grants shall be recognised in profit or loss on a systematic basis over the periods in which the entity recognises as expenses the related costs for which the grants are intended to compensate. Grants related to income are presented as a credit in profit or loss under "Other income".

### 2.19 Taxes

#### (a) *Current income tax*

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the end of the reporting period, in the countries where the Group operates and generates taxable income.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

#### (b) *Deferred tax*

Deferred tax is provided using the liability method on temporary differences at the end of the reporting period between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes.

Deferred tax liabilities are recognised for all taxable temporary differences, except:

- Where the deferred tax liability arises from the initial recognition of goodwill or of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of taxable temporary differences associated with investments in subsidiaries and associate and interest in joint venture, where the timing of the reversal of the temporary differences can be controlled and it is probable that the temporary differences will not reverse in the foreseeable future.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.19 Taxes (cont'd)

#### (b) *Deferred tax (cont'd)*

Deferred tax assets are recognised for all deductible temporary differences, the carry forward of unused tax credits and unused tax losses, to the extent that it is probable that taxable profit will be available against which the deductible temporary differences, and the carry forward of unused tax credits and unused tax losses can be utilised except:

- Where the deferred tax asset relating to the deductible temporary difference arises from the initial recognition of an asset or liability in a transaction that is not a business combination and, at the time of the transaction, affects neither the accounting profit nor taxable profit or loss; and
- In respect of deductible temporary differences associated with investments in subsidiaries and associate and interest in joint venture, deferred tax assets are recognised only to the extent that it is probable that the temporary differences will reverse in the foreseeable future and taxable profit will be available against which the temporary differences can be utilised.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profit will be available to allow all or part of the deferred tax asset to be utilised.

Unrecognised deferred tax assets are reassessed at the end of each reporting period and are recognised to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates and tax laws that have been enacted or substantively enacted at the end of each reporting period.

Deferred tax relating to items recognised outside profit or loss is recognised outside profit or loss. Deferred tax items are recognised in correlation to the underlying transaction either in other comprehensive income or directly in equity and deferred tax arising from a business combination is adjusted against goodwill on acquisition.

## 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONT'D)

### 2.19 Taxes (cont'd)

#### (c) Sales tax

Revenues, expenses and assets are recognised net of the amount of sales tax except:

- Where the sales tax incurred in a purchase of assets or services is not recoverable from the taxation authority, in which case the sales tax is recognised as part of the cost of acquisition of the asset or as part of the expense item as applicable; and
- Receivables and payables that are stated with the amount of sales tax included.

### 2.20 Share capital and share issuance expenses

Proceeds from issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Group's consolidated financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the accompanying disclosures, and the disclosure of contingent liabilities. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

### 3.1 Judgements made in applying accounting policies

In the process of applying the Group's accounting policies, management has made the following judgement which have the most significant effect on the amounts recognised in the financial statements:

#### Investment in joint venture

As disclosed in Note 14 to the financial statements, the Group has re-assessed the terms of the Equity Joint Venture Contract ("**the Agreement**") related to the 60% investment in Sino-Singapore Hospital Management (Chongqing) Co., Ltd. (中新医院管理(重庆)有限公司) ("**SSHM**"). Under the Agreement, although the Group has majority ownership and board representation in SSHM, the joint venture parties, being the Group and Chongqing Yongchuan District People's Hospital, have contractual joint control of the joint venture and unanimous consent is required for all major decisions over the key relevant activities. Accordingly, the Group accounts for its interest in SSHM as a joint venture instead of a subsidiary from the date of investment. At 31 December 2019, as SSHM was recently incorporated and in a pre-operating stage, this change in assessment did not have a significant impact on the Group's financial statements for the year ended 31 December 2019 and no restatement was made to prior year's financial statements.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES (CONT'D)

### 3.2 Key sources of estimation uncertainty

The key assumptions concerning the future and other key sources of estimation uncertainty at the end of the reporting period are discussed below. The Group based its assumptions and estimates on parameters available when the financial statements were prepared. Existing circumstances and assumptions about future developments, however, may change due to market changes or circumstances arising beyond the control of the Group. Such changes are reflected in the assumptions when they occur.

#### (i) **Impairment assessment for plant and equipment, and investments in associate and subsidiaries**

The Group assesses whether there are any indicators of impairment for its plant and equipment as well as investments in associate and subsidiaries.

Investments in associate and subsidiaries and plant and equipment, are tested for impairment when there are indicators that the carrying amounts may not be recoverable. Impairment exists when the carrying value of an asset or cash-generating unit ("**CGU**") exceeds its recoverable amount.

Management conducts its impairment review exercise by preparing value-in-use computations using a discounted cash flow model to determine the recoverable values of the Company's investments in associate and subsidiaries, and the Group's plant and equipment. The projection of cash flows involved various significant assumptions such as forecasted revenue, terminal growth rate and discount rate.

The key assumptions applied in the determination of the recoverable amounts for the respective assets or CGUs are disclosed in Notes 13 and 15 to the financial statements.

#### (ii) **Impairment of loans to subsidiaries**

Loans to subsidiaries are assessed for expected credit losses ("**ECL**") when the Company determined that the subsidiaries are unlikely to meet the contractual cash flows of the intercompany loans. Accordingly, management will assess if there is a significant increase in credit risk and the risk of default by these intercompany debtors since the initial recognition of these loans. Where there is a significant increase in credit risk, management performs its impairment assessment based on lifetime ECL.

During the year ended 31 December 2020, the Company recorded an aggregate of S\$8,484,000 of ECL on its loans to subsidiaries. The ECL recorded represented the Company's assessment of the likelihood of default and what management estimates to recover from these subsidiaries. Estimation of the ECL involved significant management's judgement and estimation in the area of forecasting cash flows arising from future results of the subsidiaries' operations and the discount rate used. Management's forecasting process compares the assumptions to the historical performance of the subsidiaries and considers the industry outlook, including the impact of COVID-19 on the forecasted results.

The key assumptions applied in the determination of the recoverable amounts for the loans to subsidiaries are disclosed in Note 13 to the financial statements.

## 4. REVENUE (CONT'D)

**Nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms (cont'd)**

### (a) **Oncology services (cont'd)**

#### (i) **Recognition of revenue from consultancy services from Parkway Cancer Centre ("PCC"), Thu Cuc International General Hospital ("TCH") and Hong Kong Integrated Oncology Centre Holdings Limited ("HKH") (cont'd)**

Timing of transfer of goods or services

Revenue from provision of consultancy services is recognised over time as the Group concludes that the customers simultaneously receive the benefits as it performs the services.

Significant payment terms

Invoices for consultancy services are issued either on a monthly or quarterly basis. These invoices are payable within 30 days.

#### (ii) **Recognition of management fees from Parkway Cancer Centre ("PCC")**

Nature of goods or services

The Group derives management fees from PCC through the billing of salaries, wages and employee benefits and rental of clinical premises.

Timing of transfer of goods or services

Revenue from management fees is recognised over time as the Group concludes that PCC simultaneously receives the benefits as it performs the services.

Significant payment terms

Invoices are issued on a monthly basis and are payable within 30 days.

### (b) **Stem cell related products and services**

#### **Recognition of revenue from stem cell processing, culturing and storage services**

Nature of goods or services

The Group provides services related to processing, culturing and storage of stem cells through its subsidiary, Stem Med Pte. Ltd., and these services are sold in bundled packages.

The Group accounts for these services separately as they are assessed to be distinct, that is, the customer can benefit from the services on its own or together with other readily available resources.

## 4. REVENUE (CONT'D)

**Nature and timing of the satisfaction of performance obligations in contracts with customers, including significant payment terms (cont'd)**

### **(b) Stem cell related products and services (cont'd)**

#### ***Recognition of revenue from stem cell processing, culturing and storage services (cont'd)***

##### Timing of transfer of goods or services

The consideration for the bundled sales is allocated to the separate services based on their relative stand-alone selling prices. The stand-alone selling prices are determined based on the prices that the Group would have charged if the services were contracted for separately.

Revenue from sale of processing and culturing services is recognised when the promised services are delivered to the customer and all criteria for acceptance have been satisfied.

For the storage of stem cells where the Group satisfies its performance obligations over time, management has determined that a straight-line method provides a faithful depiction of the Group's performance in transferring control of the storage services to the customers, as it reflects the Group's efforts incurred to date. The measure of progress is based on period of storage to date as a proportion of the total period of storage promised.

##### Significant payment terms

Invoices are issued when customers sign up for the packages and are payable within 30 days.

### **(c) Cellular and gene therapy related products and services**

##### Nature of goods or services

The Group provides cellular and gene therapy related services and manufactures viral vectors through its subsidiary, CellVec Pte. Ltd..

##### Timing of transfer of goods or services

Revenue from the manufacturing of cellular and gene therapy related products is recognised at the point in time when control of the products is transferred to the customers, generally on delivery of the products to the customer and when all criteria for acceptance have been satisfied.

Revenue from provision of cellular and gene therapy related services is recognised over time as the Group concludes that the customers simultaneously receive the benefits as it performs the services.

### Employee Share Option Scheme

On 11 May 2017 and 10 May 2019, the Company granted equity-settled share options to the employees of the Group under the ESOS.

The exercise price of the share options granted in 2017 was fixed at a 20% discount to the volume-weighted average price of the Company’s shares between 27 March 2017 and 9 May 2017 while the exercise price of the share options granted in 2019 was fixed at a 20% discount to the volume-weighted average price of the Company’s shares between 28 March 2019 and 9 May 2019. The vesting period of the share options granted in both 2017 and 2019 ranged from two years to four years from the date of grant. Upon completion of the vesting period, these share options may be exercised for a period of up to three years. The Group does not have a past practice of cash settlement for these share options.

There has been no cancellation or modification to the ESOS during the years ended 31 December 2020 and 2019. During the year ended 31 December 2019, share options held by certain employees were forfeited upon their resignation. Accordingly, the Group wrote back an amount of S\$260,000 in respect of these options.

The weighted average fair values of share options granted on 11 May 2017 and 10 May 2019 were S\$0.2570 and S\$0.1660 respectively.

There were no share options exercised during the years ended 31 December 2020 and 2019.

The range of exercise prices for share options outstanding at the end of the year was S\$0.4142 to S\$0.6546 (2019: S\$0.4142 to S\$0.6546). The weighted average remaining contractual life for these share options excluding remaining vesting period and including remaining vesting period was 2.7 (2019: 2.9) years and 3.5 (2019: 4.5) years respectively.

#### Fair value of share options granted

The fair values of the share options granted in 2017 and 2019 were estimated at the grant date using a binomial option pricing model, taking into account the terms and conditions upon which the share options were granted.

The following table summarises the inputs to the binomial option pricing model:

|  | ESOS<br>2019   | ESOS<br>2017   |
|--|----------------|----------------|
| Average dividend payout (%)                            | 3.89           | 5.46           |
| Expected volatility (%)                                | 36.16 to 37.78 | 37.43 to 38.32 |
| Risk-free interest rate (% p.a.)                       | 1.92 to 1.99   | 1.69 to 1.90   |
| Expected life of option from the date of grant (years) | 5 to 7         | 5 to 7         |

The expected life of the share options was determined based on historical data and was not necessarily indicative of exercise patterns that may occur. The expected volatility reflected the assumption that the historical volatility over a period similar to the life of the share options was indicative of future trends, which may not necessarily be the actual outcome.

## 7. SHARE-BASED PAYMENTS EXPENSE (CONT'D)

### Performance Share Plan

On 11 May 2017 and 13 March 2020, the Company awarded equity-settled performance shares to the employees of the Group under the PSP.

The vesting period of the performance shares ranged from two years to five years from the date of grant. The performance share will convert into ordinary share of the Company upon completion of the vesting period (including moratorium period, as applicable). There are no cash settlement alternatives. The Group does not have a past practice of cash settlement for these performance shares.

There has been no cancellation or modification to the PSP during the years ended 31 December 2020 and 2019. During the years ended 31 December 2020 and 2019, performance shares held by certain employees were forfeited upon their resignation. Accordingly, the Group wrote back an amount of S\$3,500 (2019: S\$71,000) in respect of these performance shares.

#### Movements of performance shares

The following table illustrates the number ("**No.**") and movements in performance shares for the years ended 31 December 2020 and 2019:

|  | <b>2020</b>        | <b>2019</b> |
|--|--------------------|-------------|
|  | <b>No.</b>         | <b>No.</b>  |

| Outstanding at 31 December                   | <b>8,401,722</b>   | 175,270     |

The weighted average fair values of performance shares granted on 11 May 2017 and 13 March 2020 were S\$0.7395 and S\$0.2829 respectively. At 31 December 2020, the weighted average remaining contractual life for these performance shares was 1.9 (2019: 0.9) years.

#### Fair value of performance shares granted

The fair values of the performance shares granted in 2017 and 2020 under the PSP were estimated at the grant date using the expected value of shares based on dividend adjusted share price and Finnerty Put Option Model respectively.

The following table summarises the inputs to the performance share valuation model:

|  | <b>PSP</b>            | <b>PSP</b>  |

### Tax consequence of proposed dividends

There is no income tax consequence attached to the dividends to the shareholders proposed by the Company but not recognised as a liability in the financial statements (Note 29).

### Unrecognised tax losses

At the end of the reporting period, the Group has tax losses of approximately S\$16,093,000 (2019: S\$10,788,000) and capital allowances of approximately S\$Nil (2019: S\$37,000) that are available for offset against future taxable profits of the companies in which the losses and capital allowances arose, for which no deferred tax asset is recognised due to uncertainty of its recoverability. The use of these tax losses and capital allowances is subject to the agreement of the tax authorities and compliance with certain provisions of the tax legislation of the respective countries in which the companies operate. These tax losses and capital allowances have no expiry date.

## 10. EARNINGS PER SHARE

The basic earnings per share is calculated by dividing the profit for the year attributable to owners of the Company by the weighted average number of ordinary shares. Diluted earnings per share is calculated by dividing profit for the year attributable to owners of the Company by the weighted average number of ordinary shares that would be issued on the conversion of all the dilutive potential ordinary shares into ordinary shares. These profit and share data are presented in the tables below:

|  | Group                |                      |
|--|----------------------|----------------------|
|  | 2020<br>S\$'000      | 2019<br>S\$'000      |
| Profit for the year attributable to owners of the Company  | <b>22,769</b>        | 35,751               |
|  | <b>No. of shares</b> | <b>No. of shares</b> |
| Weighted average number of ordinary shares outstanding for computation of basic earnings per share   | <b>1,317,341,691</b> | 1,314,422,526        |
| Effect of dilution:  |                      |                      |
| – Contingently issuable performance shares   | <b>6,910,788</b>     | 295,911              |
| Weighted average number of ordinary shares outstanding for computation of diluted earnings per share | <b>1,324,252,479</b> | 1,314,718,437        |

8,600,000 (2019: 8,600,000) share options outstanding under the ESOS have not been included in the calculation of diluted earnings per share because they are anti-dilutive.

In March 2021, the Company allotted and issued 1,966,931 ordinary shares of the Company to employees pursuant to the vesting of performance shares granted in March 2020. Consequently, the total number of issued and paid-up shares of the Company increased from 1,318,054,779 as at 31 December 2020 to 1,320,021,710 ordinary shares as at 31 March 2021.

Except for the above, there have been no other transactions involving ordinary shares or potential ordinary shares since the reporting date and before the completion of these financial statements.

During the year, the Group carried out a review of the recoverable amount of the plant and equipment in the cellular and gene therapy segment. As the carrying amount of the plant and equipment was higher than its recoverable amount, an impairment loss of S\$3,407,000 was recognised in profit or loss for the year ended 31 December 2020. Further information about the impairment loss is included in Note 13(a) to the financial statements.

## 12. LEASES

### Group as a lessee

The Group has lease contracts for clinics, office premises, laboratory premises and office equipment. These leases have an average lease term of 6 years. There are several lease contracts that include extension and termination options, which are further discussed below.

The Group also has certain leases for office premises and office equipment with lease terms of 12 months or less and leases of office equipment with low value. The Group applies the "short-term lease" and "lease of low-value assets" recognition exemptions for these leases.

Set out below are the carrying amounts of right-of-use assets recognised and the movements during the years ended 31 December 2020 and 2019:

The Group had total cash outflows for leases of S\$1,849,000 (2019: S\$2,075,000) for the year ended 31 December 2020. Non-cash additions to right-of-use assets and lease liabilities amounted to S\$2,399,000 (2019: S\$3,265,000) for the year ended 31 December 2020. There is no future cash outflow relating to leases that have not yet commenced.

The Group has several lease contracts that include extension and termination options. These options are negotiated by management to provide flexibility in managing the leased-asset portfolio and align with the Group's business needs. Management exercises judgement in determining whether these extension and termination options are reasonably certain to be exercised.

Set out below are the undiscounted potential future rental payments relating to periods following the exercise date of extension options that are not included in the lease term:

## 12. LEASES (CONT'D)

### Group as a lessor

The Group has entered into operating leases on clinics. These leases have terms of between two and three years. Rental income (included under "Revenue" as "Management fees" disclosed in Note 4(a)(ii) to the financial statements) recognised by the Group during the year ended 31 December 2020 is S\$1,371,000 (2019: S\$1,554,000).

Future minimum rentals receivable under non-cancellable operating leases as at 31 December is as follows:

At 31 December 2020, the Company's cost of investment in subsidiaries amounted to S\$17,978,000 (2019: S\$11,213,000). The increase in the cost of investment in subsidiaries was due to additional capital injections of S\$3,000,000 and S\$3,765,000 in its subsidiaries, TalkMed Greater China Pte. Ltd. and CellVec Pte. Ltd. ("CellVec") respectively.

During the year ended 31 December 2020, due to the adverse impact of COVID-19 on the cellular and gene therapy and stem cell segments, the Company assessed the cost of investment in subsidiaries for impairment and recognised impairment loss of S\$3,030,000 and S\$4,726,000 in respect of the carrying amounts of the Company's investment in Stem Med Pte. Ltd. and CellVec, respectively. Further information on the impairment loss is disclosed in Note 13(a).

### (i) Stem Med

Stem Med provides services related to processing, culturing and storage of stem cells. The recoverable amounts of the investment in Stem Med and loans to Stem Med have been determined based on value-in-use calculation using cash flow projections from financial budgets that were approved by management. For purpose of determining the value-in-use of the investment in Stem Med, the cash flows beyond the initial five years were extrapolated using a long-term growth rate of 1.7% (2019: 2.0%) which was determined based on market information consistent for the industry it operates in. The cash flows for the initial five years included revenue growth rate of between 10% and 26% (2019: 28% and 41%).

As the carrying amount of the investment in Stem Med and loans to Stem Med is in excess of the estimated value-in-use, the Company recognised a full impairment loss of S\$3,030,000 and S\$4,858,000 (Note 16) in respect of the carrying amount of the Company's investment in Stem Med and loans to Stem Med, respectively.

# NOTES TO THE FINANCIAL STATEMENTS

## 13. INVESTMENT IN SUBSIDIARIES (CONT'D)

### (a) *Impairment test for investment in subsidiaries, including plant and equipment held by subsidiaries and loans to subsidiaries (cont'd)*

#### (ii) **CellVec**

CellVec provides cellular and gene therapy related products and services. The recoverable amounts of the investment in CellVec, loan to CellVec, and plant and equipment have been determined based on value-in-use calculation using cash flow projections from financial budgets that was approved by management. For purpose of determining the value-in-use of the investment in CellVec, the cash flows beyond the initial five years were extrapolated using a long-term growth rate of 1.7% (2019: 2.0%) which was determined based on market information consistent for the industry it operates in. The cash flows for the initial five years included revenue growth rate of between 6% and 217% (2019: 14% and 662%).

As the carrying amount of the investment in CellVec and loan to CellVec is in excess of the estimated value-in-use:

- The Company recognised a full impairment loss of S\$4,726,000 and S\$3,626,000 (Note 16) in respect of the carrying amount of the Company's investment in CellVec and loan to CellVec respectively; and
- The Group recognised a full impairment loss of S\$3,407,000 in respect of the carrying amount of the plant and equipment held by CellVec.

#### Key assumptions used in the value-in-use calculations

Growth rates – The forecasted growth rates are based on published industry research and are comparable to the average growth rate for the industry relevant to the entity.

Post-tax discount rate – Discount rate represents the current market assessment of the risks specific to the entity, regarding the time value of money and individual risks of the underlying assets which have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and its operating segments and derived from its weighted average cost of capital ("**WACC**").

#### Summary of sensitivity to changes in assumptions

Management is of the view that no reasonably possible change in any of the above key assumptions would have an impact on the impairment assessment conclusion.

## 14. INVESTMENT IN JOINT VENTURE (CONT'D)

### (a) *Change in assessment of control of Sino-Singapore Hospital Management (Chongqing) Co., Ltd.*

On 11 September 2019, the Group's wholly-owned subsidiary, TalkMed Chongqing Pte. Ltd. ("**TMCQ**"), entered into an Equity Joint Venture Contract ("**the Agreement**") with Chongqing Yongchuan District People's Hospital ("**YCDPH**"), to establish Sino-Singapore Hospital Management (Chongqing) Co., Ltd. (中新医院管理(重庆)有限公司) ("**SSHM**"). TMCQ subscribed for 60% interest in SSHM for a cash consideration of RMB24,000,000 (equivalent to S\$4,700,000). TMCQ and the Group accounted for SSHM as a consolidated subsidiary as at 31 December 2019.

Despite the Group having majority ownership and board representation in SSHM, the agreement between shareholders included certain clauses which require unanimous approval of all directors on certain key relevant matters. Management has re-assessed the terms of the Agreement and determined that the Group and YCDPH jointly control SSHM and SSHM should not be accounted for as a subsidiary but should instead apply the equity accounting method to account for its 60% interest from the date of investment.

At 31 December 2019, as SSHM was recently incorporated and was in a pre-operating stage, the consolidation of SSHM did not have a significant impact on the Group's financial statements for the year ended 31 December 2019. Accordingly, no restatement was made to the Group's financial statements for 31 December 2019.

At 31 December 2020, SSHM is classified as a joint venture of the Group and the Group equity accounted for its share of losses since the incorporation of SSHM.

The table below summarises the changes in balances of SSHM between 31 December 2019 and 31 December 2020:

|  | <b>Group<br/>2020<br/>S\$'000</b> |
|--|-----------------------------------|
| Cost of investment upon incorporation – subsidiary of TMCQ           | <b>2,825</b>                      |

# NOTES TO THE FINANCIAL STATEMENTS

## 15. INVESTMENT IN ASSOCIATE (CONT'D)

### (a) *Impairment test for investment in associate (cont'd)*

HKH provides specialist oncology services in Hong Kong. The recoverable amount of the investment in associate has been determined based on value-in-use calculation using cash flow projections from financial budgets that were approved by management covering a five-year period. The cash flows beyond the initial five years were extrapolated using a long-term growth rate of 2% (2019: 2%) which was determined based on market information consistent for the industry it operates in. The cash flows for the initial five years included revenue growth rate of between 6% and 9% (2019: 7% and 12%).

As the calculated value-in-use is in excess of the carrying amount, no impairment is required in respect of the investment in the associate for the years ended 31 December 2020 and 2019.

#### Key assumptions used in value-in-use calculations

Growth rates – The forecasted growth rates are based on published industry research and are comparable to the average growth rate for the industry relevant to the entity.

Post-tax discount rate – Discount rate represents the current market assessment of the risks specific to the entity, regarding the time value of money and individual risks of the underlying assets which have not been incorporated in the cash flow estimates. The discount rate calculation is based on the specific circumstances of the Group and derived from its WACC.

#### Sensitivity to changes in assumptions

Management is of the view that no reasonably possible change in any of the above key assumptions would cause the carrying amount of the investment to materially exceed its recoverable amount.

| At 31 December   | –       | 8,056   |

During the year ended 31 December 2020, the Company carried out an assessment of the recoverable amount of the loans to subsidiaries. Based on cash flow projections prepared for the subsidiaries, the Company determined that the subsidiaries are unlikely to meet the contractual cash flows of the intercompany loans when payments are due. Accordingly, management assessed that there was a significant increase in credit risk and the risk of default by these intercompany debtors was high. As a result, the Company recognised an allowance for impairment loss of S\$4,858,000 and S\$3,626,000 in respect of the loans due from Stem Med and CellVec respectively. Further information about the impairment loss is included in Note 13(a) to the financial statements.

Except for the loans to subsidiaries, management has assessed that the loss allowance provision as at 31 December 2020 and 2019 is negligible as the Group has no significant default in trade and other receivables based on historical experience. Information relating to the expected credit loss assessment of the Group and the Company is disclosed in Note 26 to the financial statements.

The holders of ordinary shares are entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions. The ordinary shares have no par value.

## 21. MERGER RESERVE

The merger reserve represents the difference between the consideration paid and the paid-up capital of the subsidiary under common control which is accounted for by applying the pooling of interest method (Note 2.4(b)).

## 22. SHARE-BASED PAYMENTS RESERVE

The share-based payments reserve represents the equity-settled share options and performance shares granted to employees (Note 7). The reserve is made up of the cumulative value of services received from employees recorded over the vesting period (including moratorium period, as applicable) commencing from the grant date of equity-settled share options and performance shares, and is reduced by the expiry, exercise or forfeiture of the share options and performance shares.

<sup>1</sup> During the year, the associate, HKH's ownership interest in its subsidiary, HKIOC, was diluted to 69% (2019: 72%) (Note 15). The change in HKH's ownership interest in HKIOC did not result in loss of control of HKIOC by HKH and was therefore accounted for as an equity transaction in the consolidated financial statements of HKH. Accordingly, the Group recognised its share of such changes which amounted to S\$549,000 (2019: S\$398,000) in other comprehensive income.

## 24. FOREIGN CURRENCY TRANSLATION RESERVE

The foreign currency translation reserve represents exchange differences arising from the translation of the financial statements of foreign operations whose functional currencies are different from that of the Group's presentation currency.

## 25. RELATED PARTY TRANSACTIONS

### (a) Sales and purchases of goods and services

In addition to the related party information disclosed elsewhere in the financial statements, the following significant transactions between the Group and related parties took place at terms agreed between the parties during the years ended 31 December 2020 and 2019:

## 26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Group and the Company are exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks are credit risk and liquidity risk. The board of directors reviews and agrees policies and procedures for the management of these risks. It is, and has been throughout the current and previous years, the Group's and the Company's policy that no trading in derivatives for speculative purposes shall be undertaken.

The following sections provide details regarding the Group's and the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

### (a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Group's and the Company's exposure to credit risk arises primarily from trade and other receivables. For other financial assets (including cash and short-term deposits), the Group and the Company minimise credit risk by dealing exclusively with high credit rating counterparties.

The Group and the Company trade only with recognised and creditworthy third parties. It is the Group's and the Company's policy that all customers who wish to trade on credit terms are subject to credit verification procedures. In addition, receivable balances are monitored on an ongoing basis with the result that the Group's and the Company's exposure to bad debts is not significant.

The Group and the Company consider the probability of default upon initial recognition of asset and whether there has been a significant increase in credit risk on an ongoing basis throughout each reporting period.

## 26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (a) *Credit risk (cont'd)*

The Group and the Company have determined the default event on a financial asset to be when the counterparty fails to make contractual payments, within 90 days when they fall due, which is derived based on the Group's and the Company's historical information.

To assess whether there is a significant increase in credit risk, the Group and the Company compare the risk of a default occurring on the asset as at reporting date with the risk of default as at the date of initial recognition. The Group and the Company consider available reasonable and supportive forward-looking information which includes the following indicators:

- Internal credit rating
- External credit rating
- Actual or expected significant adverse changes in business, financial or economic conditions that are expected to cause a significant change to the debtor's ability to meet its obligations
- Actual or expected significant changes in the operating results of the debtor
- Significant increases in credit risk on other financial instruments of the same debtor
- Significant changes in the expected performance and behaviour of the debtor, including changes in the payment status of debtors in the group and changes in the operating results of the debtor.

Regardless of the analysis above, a significant increase in credit risk is presumed if a debtor is more than 60 days past due in making contractual payment.

The Group determined that its financial assets are credit-impaired when:

- There is significant difficulty of the issuer or the debtor;
- A breach of contract, such as a default or past due event; or
- It is becoming probable that the debtor will enter bankruptcy or other financial reorganisation.

The Group categorises a loan or receivable for potential write off when a debtor fails to make contractual payments more than 120 days past due. Financial assets are written off when there is no reasonable expectation of recovery, such as a debtor failing to engage in a repayment plan with the Group. Where loans and receivables have been written off, the Group and the Company continue to engage enforcement activity to attempt to recover the receivable due. Where recoveries are made, these are recognised in profit or loss.

The following are credit risk management practices and quantitative and qualitative information about amounts arising from expected credit losses for each class of financial assets.

### (i) *Trade receivables*

The Group provides for lifetime expected credit losses for all trade receivables using a provision matrix. The provision rates are determined based on the Group's historical observed default rates analysed in accordance with days past due by grouping of customers based on geographical regions and revenue segments that have similar loss patterns.

## 26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (a) Credit risk (cont'd)

#### (i) Trade receivables (cont'd)

The provision matrix is initially based on the Group's historical observed default rates. The Group will calibrate the matrix to adjust historical credit loss experience with forward-looking information such as forecast of economic conditions where the healthcare consumer price index will increase over the next year, leading to an increased number of defaults. At every reporting date, historical default rates are updated and changes in the forward-looking estimates are analysed.

Management has assessed that the loss allowance provision as at 31 December 2020 and 2019 is negligible as the Group has no significant default in trade receivables based on historical experience.

#### (ii) Loans to subsidiaries at amortised cost

The Company uses three categories of internal credit risk ratings for intercompany loans which reflect their credit risk and how the loss provision is determined for each of those categories. These internal credit risk ratings are determined through incorporating both qualitative and quantitative information that builds on information from external credit rating companies, such as Standard and Poor, Moody's and Fitch, supplemented with information specific to the counterparty and other external information that could affect the counterparty's behaviour.

The Company computes expected credit loss for this group of financial assets using the probability of default approach. In calculating the expected credit loss rates, the Company considers implied probability of default from external rating agencies where available and historical loss rates for each category of counterparty, and adjusts for forward looking macroeconomic data such as GDP growth and central bank base rates.

A summary of the Company's internal grading category in the computation of the Company's expected credit loss model for the intercompany loans is as follows:

| <b>Category</b> | <b>Definition of category</b>  | <b>Basis for recognition of expected credit loss provision</b> |
|-----------------|--|--|
| Grade I         | Counterparties have a low risk of default and a strong capacity to meet contractual cash flows.  | 12-month expected credit losses                                |
| Grade II        | Loans for which there is a significant increase in credit risk; as significant increase in credit risk is presumed if interest and/or principal repayments are 60 days past due. | Lifetime expected credit losses                                |
| Grade III       | Interest and/or principal repayments are 90 days past due.   | Lifetime expected credit losses                                |

There are no significant changes to estimation techniques or assumptions made during the reporting period.

## 26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (a) Credit risk (cont'd)

#### (ii) Loans to subsidiaries at amortised cost (cont'd)

The carrying amount of loans at amortised cost, without taking into account any collaterals held or other credit enhancements which represents the maximum exposure to loss, is as follows:

| Company                 | 2020<br>S\$'000 | 2019<br>S\$'000 |
|-------------------------|-----------------|-----------------|
| 12-month ECL            | -               | 8,056           |
| Loans at amortised cost | -               | 8,056           |

In prior year, management assessed that the subsidiaries had capacity to meet the contractual cash flows of the intercompany loans and categorised these loans under Grade I. Accordingly, the risk of default was determined to be low and the loss allowance provision on the Company's loans to subsidiaries was assessed as negligible.

During the year, the COVID-19 outbreak had adversely affected the operations and results of the cellular and gene therapy and stem cell operating segments and their cash flow projections. Consequently, the Company assessed that there was a significant increase in credit risk and categorised these intercompany loans under Grade III. As disclosed in Note 16 to the financial statements, the Company had recognised an allowance for impairment loss of S\$4,858,000 and S\$3,626,000 in respect of the loans due from Stem Med and CellVec, respectively, due to the high risk of default assessed.

#### Exposure to credit risk

At the end of the reporting period, the Group's and the Company's maximum exposure to credit risk is represented by the carrying amount of each class of financial assets recognised on the statement of financial position.

#### Credit risk concentration profile

The Group has one (2019: one) major trade debtor whom is based in Singapore. At the end of the reporting period, approximately 97% (2019: 95%) of the Group's trade receivables were due from this major trade debtor.

In order to mitigate concentrations of risk, the Group's policies and procedures include specific guidelines to focus on monitoring the repayment pattern of its key trade debtor.

The carrying amount of trade receivables is disclosed in Note 16 to the financial statements.

## 26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (b) Liquidity risk

Liquidity risk is the risk that the Group and the Company will encounter difficulty in meeting financial obligations due to shortage of funds. As part of its overall liquidity management, the Group and the Company monitor and maintain a level of cash and short-term deposits deemed adequate by the management to finance the Group's and the Company's operations and mitigate the effects of fluctuations in cash flows.

*Analysis of financial instruments by remaining contractual maturities*

The table below summarises the maturity profile of the Group's and the Company's financial assets used for managing liquidity risk and financial liabilities at the end of the reporting period based on contractual undiscounted repayment obligations:

### (c) Fair value of financial instruments

#### (i) Fair value hierarchy

The Group and the Company categorise fair value measurements using a fair value hierarchy that is dependent on the valuation inputs used as follows:

- Level 1 – Quoted prices (unadjusted) in active market for identical assets or liabilities that the Group and the Company can access at the measurement date,
- Level 2 – Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly, and
- Level 3 – Unobservable inputs for the asset or liability.

Fair value measurements that use inputs of different hierarchy levels are categorised in its entirety in the same level of the fair value hierarchy as the lowest level input that is significant to the entire measurement.

### **Loans to subsidiaries and loans from non-controlling shareholder to subsidiaries**

The fair value of the non-current loans to subsidiaries and loans from non-controlling shareholder to subsidiaries which are not carried at fair value in the balance sheet is presented in the tables above. The fair value is estimated based on the present value of future cash flows, discounted at the market rate of interest for similar types of lending or borrowing at the end of the reporting period.

# NOTES TO THE FINANCIAL STATEMENTS

FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2020

## 26. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

### (c) Fair value of financial instruments (cont'd)

- (iii) *Assets and liabilities that are not carried at fair value and whose carrying amounts are reasonable approximation of fair values*

Except as disclosed in Note 26(c)(ii), management has determined that the carrying amounts of the financial instruments of the Group and the Company reasonably approximate their fair values due to their short-term nature.

## 27. CAPITAL MANAGEMENT

The primary objective of the Group's capital management is to ensure that it maintains a strong credit rating and healthy capital ratios in order to support its business and maximise shareholder value.

The Group manages its capital structure and makes adjustments to it, in light of changes in economic conditions. To maintain or adjust the capital structure, the Group may adjust the dividend payment to shareholders, return capital to shareholders or issue new shares. No changes were made to the objectives, policies or processes during the years ended 31 December 2020 and 2019.

## 28. SEGMENT INFORMATION

For management purposes, the Group is organised into business units based on their products and services, and has three reportable operating segments as follows:

### (i) Oncology services

The provision of oncology services to Parkway Cancer Centre, a division of Parkway Hospitals Singapore Pte. Ltd., Thu Cuc International General Hospital in Hanoi, Vietnam and Hong Kong Integrated Oncology Centre Holdings Limited. The Group expanded its oncology services to China. At 31 December 2020, the business operations in China are in the pre-operating stage and did not contribute significantly to the Group's financial results.

### (ii) Stem cell related products and services

The provision of services related to processing, culturing and storage of stem cells through its subsidiary, Stem Med Pte. Ltd. ("**Stem Med**"), to Parkway Cancer Centre, a division of Parkway Hospitals Singapore Pte. Ltd., StemCord Pte Ltd, the non-controlling shareholder of Stem Med, and other individual customers.

### (iii) Cellular and gene therapy related products and services

The provision of goods and services related to cellular and gene therapy through its subsidiary, CellVec Pte. Ltd..

Except as indicated above, no operating segments have been aggregated to form the above reportable operating segments.

<sup>1</sup> The final dividend paid to shareholders and the proposed final dividend (as previously disclosed in the full year announcement and annual report for the year ended 31 December 2019) were S\$17,134,000 and S\$17,089,000 respectively. The difference of S\$45,000 between the final dividend paid and the proposed final dividend to be paid to shareholders for 2019 arose due to the dividends paid on 3,465,423 ordinary shares issued on 13 March 2020. 3,465,423 ordinary shares were allotted and issued on 13 March 2020 pursuant to the immediate vesting of performance shares awarded to Category A employees of the Group in March 2020. These newly allotted ordinary shares were eligible for the final dividend which was paid on 11 May 2020.

<sup>2</sup> The final dividend to be paid to shareholders, subject to shareholders' approval at the forthcoming annual general meeting (as disclosed above), and the proposed final dividend (as previously disclosed in the full year announcement for the year ended 31 December 2020) were S\$9,900,000 and S\$9,885,000 respectively. The difference of S\$15,000 between the proposed final dividend as disclosed in the full year announcement for 2020 and the proposed final dividend to be paid to shareholders for 2020 arose due to the dividends to be paid on 1,966,931 ordinary shares issued on 15 March 2021. 1,966,931 ordinary shares have been allotted and issued on 15 March 2021 pursuant to the vesting of the first tranche of performance shares awarded to Categories B and C employees of the Group in March 2020. These newly allotted ordinary shares would be eligible for the final dividend expected to be paid on 11 May 2021.

## 30. EVENTS OCCURRING AFTER THE REPORTING PERIOD

### (a) Additional capital injection in CellVec

## 30. EVENTS OCCURRING AFTER THE REPORTING PERIOD (CONT'D)

### (c) *Allotment and issuance of ordinary shares pursuant to the PSP*

In March 2021, the Company allotted and issued 1,966,931 ordinary shares in the capital of the Company, pursuant to the vesting of the first tranche of performance shares awarded to Categories B and C employees of the Group in March 2020. The newly issued shares rank pari passu in all respects with the existing issued shares of the Company.

Consequently, the total number of issued and fully-paid ordinary shares of the Company increased from 1,318,054,779 to 1,320,021,710.

## 31. IMPACT OF COVID-19

The COVID-19 pandemic has affected almost all countries of the world, and resulted in border closures, movement controls and other measures imposed by the various governments. These have negatively impacted the Group's operations in 2020 resulting in a negative impact on the Group's financial performance for 2020. Travel restrictions imposed by governments around the world are expected to continue to impact the patient flow to the Group's operations in Hong Kong and Singapore, as foreign patients accounted for part of the Group's patient load. The Group has received grant income and property tax and rental waiver as disclosed in Note 5.

As the global COVID-19 situation remains fluid as at the date these financial statements were authorised for issue, the Group cannot reasonably ascertain the full extent of the probable impact of the COVID-19 pandemic on the operating and financial performance for the financial year ending 31 December 2021.

## 32. AUTHORISATION OF FINANCIAL STATEMENTS

The financial statements for the financial year ended 31 December 2020 were authorised for issue in accordance with a resolution of directors on 31 March 2021.

## AS SPECIAL BUSINESS

To consider and, if thought fit, to pass the following resolution as Ordinary Resolution, with or without any modifications:

13. Authority to issue shares in the capital of the Company

That pursuant to Section 161 of the Companies Act, Chapter 50 of Singapore (the "**Companies Act**") and Rule 806 of the Catalist Rules of the SGX-ST, the Directors of the Company be authorised and empowered to:

- (a) (1) issue shares in the Company ("**Shares**") whether by way of rights issue, bonus issue or otherwise; and/or
- (2) make or grant offers, agreements or options (collectively, "**Instruments**") that might or would require Shares to be issued, including but not limited to the creation and issue of (as well as adjustments to) warrants, debentures or other instruments convertible into Shares,

at any time and upon such terms and conditions and for such purposes and to such persons as the Directors of the Company may in their absolute discretion deem fit; and

- (b) (notwithstanding the authority conferred by this Resolution may have ceased to be in force) issue Shares pursuant to any Instrument made or granted by the Directors of the Company while this Resolution was in force,

(the "**Share Issue Mandate**")

# NOTICE OF EIGHTH ANNUAL GENERAL MEETING

provided that:

- (1) the aggregate number of Shares to be issued pursuant to this Resolution (including the Shares to be issued in pursuance of the Instruments made or granted pursuant to this Resolution) shall not exceed hundred per cent (100%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings, if any) of the Company (as calculated in accordance with sub-paragraph (2) below), of which the aggregate number of Shares (including the Shares in pursuance of the Instruments made or granted pursuant to this Resolution) to be issued other than on a pro-rata basis to existing shareholders of the Company shall not exceed fifty per cent (50%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings) of the Company (as calculated in accordance with sub-paragraph (2) below);
- (2) (subject to such manner of calculation as may be prescribed by the SGX-ST) for the purpose of determining the aggregate number of Shares and Instruments that may be issued under sub-paragraph (1) above, the percentage of issued Shares and Instruments shall be based on the total number of issued Shares (excluding treasury shares and subsidiary holdings) of the Company at the time of the passing of this Resolution, after adjusting for:
  - (i) new Shares arising from the conversion or exercise of the Instruments or any convertible securities or share options or vesting of share awards, which were issued and outstanding or subsisting at the time this Resolution is passed, provided that such share options or share awards were granted in compliance with part VIII of Chapter 8 of the Catalist Rules of the SGX-ST; and
  - (ii) any subsequent bonus issue, consolidation or subdivision of Shares,and, in paragraph (1) above and this paragraph (2), "subsidiary holdings" has the meaning given to it in the Catalist Rules of the SGX-ST;
- (3) in exercising the Share Issue Mandate conferred by this Resolution, the Company shall comply with the provisions of the Catalist Rules of the SGX-ST for the time being in force (unless such compliance has been waived by the SGX-ST) and the Constitution of the Company; and
- (4) unless revoked or varied by the Company in a general meeting, the Share Issue Mandate shall continue in force until the conclusion of the next AGM of the Company or the date by which the next AGM of the Company is required by law to be held, whichever is earlier.  
[Please see Explanatory Note (v)]

LIM HENG CHONG BENNY  
Joint Company Secretaries

Singapore, 5 April 2021

# NOTICE OF EIGHTH ANNUAL GENERAL MEETING

## Explanatory Notes:

- (i) Key information on Mr Lim Teong Jin George, who is seeking re-appointment as a Director of the Company under Ordinary Resolution 4, is found under the sections headed “Board of Directors” and “Additional Information on Directors Seeking Re-Appointment or Continued Appointment” of the Annual Report. Mr Lim Teong Jin George will, upon re-election as Director of the Company, remain as a Non-Executive Director and a member of the Remuneration Committee of the Company.
- (ii) Key information on Mr Dan Yock Hian, who is seeking re-appointment as a Director of the Company under Ordinary Resolution 5 is found under the sections headed “Board of Directors” and “Additional Information on Directors Seeking Re-Appointment or Continued Appointment” of the Annual Report. Mr Dan Yock Hian will, upon re-election as Director of the Company, remain as a member of the Audit and Risk Committee and Nominating Committee of the Company, and will be considered independent for the purposes of Rule 704(7) of the Catalyst Rules. There are no relationships (including immediate family relationships) between Mr Dan Yock Hian and the other Directors, the Company or its substantial shareholders.
- (iii) Key information on Mr Lim Jen Howe, who is seeking re-appointment as a Director of the Company under Ordinary Resolution 6, is found under the sections headed “Board of Directors” and “Additional Information on Directors Seeking Re-Appointment or Continued Appointment” of the Annual Report. Mr Lim Jen Howe will, upon the re-election as Director of the Company, remain as a Non-Executive Director and a member of the Audit and Risk Committee of the Company.
- (iv) Ordinary Resolutions 7 to 12 are proposed in anticipation of Rule 406(3)(d)(iii) of the Catalyst Rules of the SGX-ST taking effect on 1 January 2022 pursuant to the Transitional Practice Note 2 of the Catalyst Rules which set out the transitional arrangements regarding the Code of Corporate Governance 2018.

With effect from 1 January 2022, Rule 406(3)(d)(iii) of the Catalyst Rules will provide that a Director will not be independent if he has been a Director for an aggregate period of more than nine (9) years and his continued appointment as an independent director has not been sought and approved in separate resolutions by (a) all shareholders; and (b) shareholders excluding the Directors and the CEO of the Company, and their respective associates (as defined in the Catalyst Rules of the SGX-ST) (“**Two-Tier Voting**”).

Mr S. Chandra Das, Mr Sitoh Yih Pin and Mr Dan Yock Hian are the Independent Directors of the Company whose tenure will reach nine (9) years in 2022. The Company is proposing to early adopt the practice of the Two-Tier Voting process, to seek the requisite approval from shareholders for the continued appointment of Mr S. Chandra Das, Mr Sitoh Yih Pin and Mr Dan Yock Hian as Independent Directors. In accordance with Rule 406(3)(d)(iii), such approval will remain valid until the earlier of the following: (i) the retirement or resignation of the relevant Independent Director; or (ii) the conclusion of the third AGM of the Company following the passing of these resolutions.

The Board of Directors (the “**Board**”) and the Nominating Committee have evaluated the participation of Mr S. Chandra Das, Mr Sitoh Yih Pin and Mr Dan Yock Hian at the Board and Board committee meetings, and determined that each of them continues to display independent thinking and the ability to exercise objective judgement during decision-making, and that their length of service did not in any way interfere with their exercise of independent judgement nor hinder their ability to act in the best interests of the Company. In addition, each of them fulfils the definition of an Independent Director in the Catalyst Rules and the Code of Corporate Governance 2018.

- (v) Ordinary Resolution 14 above, if passed, will empower the Directors of the Company from the date of this AGM until the date of the next AGM of the Company, or the date by which the next AGM of the Company is required by law to be held or such authority is varied or revoked by the Company in a general meeting, whichever is earlier, to issue Shares, make or grant Instruments convertible into Shares and to issue Shares pursuant to such Instruments, up to a number not exceeding, in total, hundred per cent (100%) of the total number of issued Shares (excluding treasury shares and subsidiary holdings), of which up to fifty per cent (50%) may be issued other than on a pro-rata basis to existing shareholders of the Company.

## Notes:

1. The AGM is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed copies of this Notice will be sent to members. This Notice will also be published on the Company’s website at the URL <https://www.talkmed.com.sg/>, and on SGX’s website at the URL <https://www.sgx.com/securities/company-announcements>.

# NOTICE OF EIGHTH ANNUAL GENERAL MEETING

2. Alternative arrangements relating to, among others, attendance, submission of questions in advance of the AGM, addressing of substantial and relevant questions at the AGM and/or voting by appointing the Chairman of the Meeting as proxy at the AGM are set out in a letter to Shareholders dated 5 April 2021 which has been uploaded together with this Notice of Annual General Meeting on SGXNet on the same day, and may be accessed at the Company's website at the URL <https://www.talkmed.com.sg/>, and will also be made available on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>. Members of the Company can participate in the AGM by:
  - (a) watching or listening to the AGM proceedings via a "live" audio-visual conference via his/her/its mobile phones, tablets or computers;
  - (b) submitting questions ahead of the AGM; and
  - (c) voting by appointing the Chairman of the Meeting as proxy at the AGM.
3. A member of the Company may submit questions relating to the resolutions to be tabled for approval at the AGM using the pre-registration link at <https://www.talkmed.com.sg/registration-annual-general-meeting-2021/>. All questions must be submitted by 14 April 2021 (6.00 p.m.).
4. If a member (whether individual or corporate) wishes to exercise his/her/its voting rights at the AGM, he/she/it must submit his/her/its Proxy Form appointing the Chairman of the Meeting as his/her/its proxy to attend and vote on his/her/its behalf at the AGM. The accompanying Proxy Form for the AGM may be accessed at the Company's website at the URL <https://www.talkmed.com.sg/>, and will also be made available on SGX's website at the URL <https://www.sgx.com/securities/companyannouncements>.

Where a member (whether individual or corporate) appoints the Chairman of the Meeting as his/her/its proxy, he/she/it must give specific instructions as to voting, or abstentions from voting, in respect of a resolution in the form of proxy, failing which the appointment of the Chairman of the Meeting as proxy for that resolution will be treated as invalid.

A member of the Company who holds his/her shares through a Relevant Intermediary\* (including CPFIS Members or SRS investors) and who wish to exercise his/her votes by appointing the Chairman of the Meeting as proxy should approach his/her Relevant Intermediary (including his/her CPF Agent Bank or SRS Approved Bank) to submit his/her voting instructions at least seven (7) working days prior to the date of the AGM, i.e. by 5.00 p.m. on 8 April 2021.

\* Pursuant to Section 181 of the Companies Act (Cap. 50), a Relevant Intermediary is:

- (a) a banking corporation licensed under the Banking Act, Chapter 19 or a wholly-owned subsidiary of such a banking corporation, whose business includes the provision of nominee services and who holds shares in that capacity; or
  - (b) a person holding a capital markets services licence to provide custodial services under the Securities and Futures Act, Chapter 289 and who holds shares in that capacity; or
  - (c) the Central Provident Fund Board established by the Central Provident Fund Act, Chapter 36, in respect of shares purchased under the subsidiary legislation made under that Act providing for the making of investments from the contributions and interest standing to the credit of members of the Central Provident Fund, if the Central Provident Fund Board holds those shares in the capacity of an intermediary pursuant to or in accordance with that subsidiary legislation.
5. The Chairman of the Meeting, as proxy, need not be a member of the Company.
  6. The instrument appointing the Chairman of the Meeting as proxy must be submitted to the Company in the following manner:
    - (a) if submitted by post, be lodged with the Company at 101 Thomson Road, #09-02 United Square, Singapore 307591; or
    - (b) if submitted electronically, be submitted via email to the Company at [proxyform@talkmed.com.sg](mailto:proxyform@talkmed.com.sg),

in either case, not less than forty-eight (48) hours before the time appointed for the AGM.

A member who wishes to submit an instrument of proxy must complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

# NOTICE OF EIGHTH ANNUAL GENERAL MEETING

**In view of the COVID-19 related safe distancing measures, and as a safety precaution to prevent the transmission of the COVID-19 virus, members are strongly encouraged to submit completed proxy forms electronically via email, where possible.**

7. The 2020 Annual Report may be accessed at the Company's website at the URL <https://www.talkmed.com.sg/>, and will also be available for viewing and download on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>. Printed copies of the 2020 Annual Report will not be sent to members. Members who wish to receive a printed copy of the 2020 Annual Report will need to complete and submit a Request Form (which can be found in the letter to Shareholders dated 5 April 2021) to the Company by 14 April 2021. The printed copies of the letter to Shareholders dated 5 April 2021 will be sent to members together with the Notice of AGM and Proxy Form. The letter to Shareholders dated 5 April 2021 may also be accessed at the Company's website at the URL <https://www.talkmed.com.sg/>, and will also be made available on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>.
8. The Company shall be entitled to reject the instrument appointing the Chairman of the Meeting as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the Meeting as proxy (including any related attachment). In addition, in the case of a member whose Shares are entered in the Depository Register, the Company may reject any instrument appointing the Chairman of the Meeting as proxy if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.

#### **Personal Data Privacy:**

By submitting an instrument appointing the Chairman of the Meeting as proxy to attend and vote at the Annual General Meeting and/or any adjournment thereof, a member of the Company consents to the collection, use and disclosure of the member's personal data by the Company (or its agents or service providers) for the purpose of the processing, administration and analysis by the Company (or its agents or service providers) of the appointment of the Chairman of the Meeting as proxy for the Annual General Meeting (including any adjournment thereof) and the preparation and compilation of the attendance lists, minutes and other documents relating to the Annual General Meeting (including any adjournment thereof), and in order for the Company (or its agents or service providers) to comply with any applicable laws, listing rules, take-over rules, regulations and/or guidelines.

## PROXY FORM

(Please read the notes overleaf before completing the Proxy Form)

### IMPORTANT:

#### Alternative Arrangements for Annual General Meeting (the "AGM" or "Meeting")

1. The AGM is being convened, and will be held, by electronic means pursuant to the COVID-19 (Temporary Measures) (Alternative Arrangements for Meetings for Companies, Variable Capital Companies, Business Trusts, Unit Trusts and Debenture Holders) Order 2020. Printed physical copies of the Notice of the AGM, Proxy Form and a letter to Shareholders dated 5 April 2021 will be sent to members. The Notice of the AGM, Proxy Form and the letter to Shareholders dated 5 April 2021 will also be published on the Company's website at the URL <https://www.talkmed.com.sg/>, and on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>.
2. Alternative arrangements relating to attendance at the AGM via electronic means (including arrangements by which the meeting can be electronically accessed via live audio-visual webcast conference), submission of questions to the Chairman of the Meeting in advance of the AGM, addressing of substantial and relevant questions at the AGM, and voting by appointing the Chairman of the Meeting as proxy at the AGM, are set out in the letter to Shareholders dated 5 April 2021. This announcement may be accessed at the Company's website at the URL <https://www.talkmed.com.sg/>, and will also be made available on SGX's website at the URL <https://www.sgx.com/securities/company-announcements>.
3. **In view of the COVID-19 related safe distancing measures, and as a safety precaution to prevent the transmission of the COVID-19 virus, members will not be able to attend the AGM in person. A member (whether individual or corporate) must appoint the Chairman of the Meeting as his/her/its proxy to attend and vote on his/her/its behalf at the AGM if such member wishes to exercise his/her/its voting rights at the AGM.**
4. **Please read the notes overleaf which contain instructions on, *inter alia*, the appointment of the Chairman of the Meeting as a member's proxy to attend and vote on his/her/its behalf at the AGM.**

#### Central Provident Fund ("CPF") or Supplementary Retirement Scheme ("SRS") Investors

5. CPF or SRS investors who wish to appoint the Chairman of the Meeting as proxy should approach their respective CPF Agent Banks or SRS Operators to submit their votes by 5.00 p.m. on 8 April 2021.

#### Personal Data

6. By submitting this proxy form, the member accepts and agrees to the personal data privacy terms set out in the Notice of the AGM dated 5 April 2021.

A member who wishes to submit an instrument of proxy must complete and sign the proxy form, before submitting it by post to the address provided above, or before scanning and sending it by email to the email address provided above.

**In view of the COVID-19 related safe distancing measures, and as a safety precaution to prevent the transmission of the COVID-19 virus, members are strongly encouraged to submit completed proxy forms electronically via email, where possible.**

5. The instrument appointing the Chairman of the Meeting as proxy must be under the hand of the appointor or by his attorney duly authorised in writing. Where the instrument appointing the Chairman of the Meeting as proxy is executed by a corporation, it must be executed either under its seal or under the hand of an officer or attorney duly authorised. Where the instrument appointing the Chairman of the Meeting as proxy is executed by an attorney on behalf of the appointor, the letter or power of attorney or a duly certified copy thereof must (failing previous registration with the Company), if the instrument appointing the Chairman of the Meeting as proxy is submitted by post, be lodged with the instrument of proxy or, if the instrument appointing the Chairman of the Meeting as proxy is submitted electronically via email, be emailed with the instrument of proxy, failing which the instrument may be treated as invalid.
6. The Company shall be entitled to reject the instrument appointing the Chairman of the Meeting as proxy if it is incomplete, improperly completed, illegible or where the true intentions of the appointor are not ascertainable from the instructions of the appointor specified in the instrument appointing the Chairman of the Meeting as proxy (including any related attachment). In addition, in the case of a member whose Shares are entered in the Depository Register, the Company may reject any instrument appointing the Chairman of the Meeting as proxy if the member, being the appointor, is not shown to have Shares entered against his name in the Depository Register as at seventy-two (72) hours before the time appointed for holding the AGM, as certified by The Central Depository (Pte) Limited to the Company.
